

A movie poster for the film 'Spartacus'. The central figure is a muscular man, Spartacus, wearing a dark, loincloth-like garment. He is holding a sword aloft in his right hand, with a determined expression on his face. The background is a dramatic, fiery scene with large, ornate structures, possibly part of a Roman chariot or a temple, rendered in warm, golden-brown tones. The overall mood is epic and heroic.

Sparta in Modern Thought Stephen Hodkinson, Ian Macgregor Morris, 2012-12-31 Images of ancient Sparta have had a major impact on Western thought From the Renaissance to the French Revolution she was invoked by radical thinkers as a model for the creation of a republican political and social order Since the 19th century she has typically been viewed as the opposite of advanced liberal and industrial democracies a forerunner of 20th century totalitarian and militaristic regimes such as the Third Reich and the Soviet Union Yet positive images of Sparta remain embedded in contemporary popular media and culture This is the first book in over 40 years to examine this important subject Eleven ancient historians and experts in the history of ideas discuss Sparta's changing role in Western thought from medieval Europe to the 21st century with a special focus on Enlightenment France Nazi Germany and the USA Images of ancient Sparta have had a major impact on Western thought From the Renaissance to the French Revolution she was invoked by radical thinkers as a model for the creation of a republican political and social order Since the 19th century she has typically been viewed as the opposite of advanced liberal and industrial democracies a forerunner of 20th century totalitarian and militaristic regimes such as the Third Reich and the Soviet Union Yet positive images of Sparta remain embedded in contemporary popular media and culture This is the first book in over 40 years to examine this important subject Eleven ancient historians and experts in the history of ideas discuss Sparta's changing role in Western thought from medieval Europe to the 21st century with a special focus on Enlightenment France Nazi Germany and the USA

Sparta's German Children Helen Roche, 2013-12-31 From the eighteenth century until 1945 German children were taught to model themselves on the young of an Ancient Greek city state Sparta From older children from teachers in the classroom and from higher authority first in Prussia then in Imperial and National Socialist Germany came images of Sparta designed to inculcate ideals of endurance discipline and of military self sacrifice Identification with Sparta could also be used to justify ideas of domination over Germany's eastern neighbours Helen Roche is the first to examine this still sensitive topic systematically and in depth She collects and analyses official and published German evocations of Sparta but also and remarkably reconstructs the experiences of German children taught to be little Spartans in the Prussian Cadet Corps and National Socialist elite schools the Napolas In treating the final and gravest period of this process the author has personally collected testimony from numerous surviving German witnesses who attended the Napolas as children in the early 1940s That testimony is presented here in a work which is likely to prove definitive not only for its treasury of new information but for its elegant and humane analysis

Cartledge,2003-07-17 This is a book that scholars will read with pleasure and a book from which advanced undergraduates and graduates will gain a sense of what Sparta was like as a culture and just as important the nature and state of play of contemporary Spartan studies And it will be accessible for the well informed lay reader as well Josiah Ober author of Political Dissent in Democratic Athens Paul Cartledge s aim in this powerful collection of essays is to shed light in dark places to demythicize Cartledge is shrewd realistic and far from starry eyed Over a quarter century s exhaustive research now updated has gone into these densely documented and tightly argued essays These Spartans in the last resort are exploitative slave drivers obsessed with keeping their serfs down by annually killing off any resisters among other things Modern idealizers of cold baths black broth mindless discipline and long route marches should read this book and hopefully have second thoughts Peter Green author of Alexander to Actium **Bulletin** Philippines.
