Vedic Astrology Practitioner Manual (Fifth Edition) Gaurish Borkar, 2017-01-29 As a student of Vedic Astrology one of the challenges that I faced was to study classical texts We have so much data and every text has some exceptional content Most of the translators did not get a chance to validate the principles mentioned in the texts and due to this the accuracy of translation was reduced Over the period I also felt that novice students of Astrology could progress faster if they get validated knowledge This is also good for the development of Vedic Astrology Therefore I decided to publish my notes from various classical texts as a manual This book consists of my notes from Brihat Parashari Hora Brihat Jatak Brihat Samhita Jataka Bharanam Faladeepika Saravali Bhavartha Ratnakar Muhurta Chintamani and Vishwakarmaprakash It is a good reference book for a novice student of Vedic Astrology

Speaker-Audience Communication Handbook Gregory J. Shepherd, 1998-07 **The Oxford Handbook of Indian Politics** Sumit Ganguly, Eswaran Sridharan, 2024-07-11

The study of Indian politics has witnessed a dramatic revival worldwide in the last few decades. There have been significant developments in national politics since 2014 with the advent of the single party majority government of the Bharatiya Janata Party, the first such majority since 1984. Moreover, the results of the 17th Lok Sabha Lower House election in India in 2019 have had major implications for the party system in India. In the light of these developments, *The Oxford Handbook of Indian Politics* provides the most comprehensive up to date coverage of the state of contemporary Indian politics. To that end, it examines the evolution of core institutions, processes, policies, and associated issues that are being debated in India's politics. It also provides historical contexts, discusses the state of the extant literature in each issue area, and suggests avenues for future research. The contributors to this volume are all noted scholars and researchers in their respective fields of specialization, located both in India and around the world. The major topics covered include the Constitution, citizenship, the houses of Parliament, the Cabinet, the judiciary, federalism, and local governments, elections, parties, and coalitions, secularism, and minorities, caste, gender, and migration, political violence, political finance, political economy, and foreign and defence policies. In effect, *The Oxford Handbook of Indian Politics* offers scholars, analysts, and students a sweeping overview of the current landscape of Indian politics, with particular attention to issues that have emerged over the past decade.
