Writing Instruction and Assessment for English Language Learners K-8 Susan Davis Lenski, Frances Verbruggen, 2010-04-23 Many English language learners (ELLs) require extra support to become successful writers. This book helps teachers understand the unique needs of ELLs and promote their achievement by adapting the effective instructional methods they already know. Engaging and accessible, the book features standards-based lesson planning ideas, examples of student work, and 15 reproducible worksheets, rubrics, and other useful materials. It describes ways to combine instruction in core skills with ample opportunities to write and revise in different genres. Invaluable guidance is provided for assessing ELLs' writing development at different grade levels and language proficiency levels. This book will be valuable for teachers in general education and ESL classrooms, literacy specialists, and coaches; graduate students in literacy and ESL programs; and will also serve as a text in graduate-level courses such as Writing Instruction, Teaching English Language Learners, and Teaching English as a Second Language.

Integrating Assessment into Early Language Learning and Teaching Danijela Prošić-Santovac, Shelagh Rixon, 2019-08-07 The volume unites research and practice on integrating language learning, teaching, and assessment at preschool and early school age. It includes chapters written by experts in the field who have studied some of the very youngest pre-primary children through to those up to the age of 12 in a variety of private and state contexts across Europe. The collection makes a much-needed contribution to the subject of appropriate assessment for children, with the focus of many chapters being classroom-based assessment, particularly formative assessment, or the case for developing assessment skills in relation to even the youngest children. As a whole, the book provides useful case study insights for policymakers, teacher educators, researchers, and postgraduate students with interest in, or responsibility for, how children are assessed in their language learning. It also provides practical ideas for practitioners who wish to implement greater integration of assessment and learning in their own contexts.
