

Volunteers Lunch Thankyou Speech

We all love getting out in the sunshine at beautiful Balmoral Beach and taking advantage of the magnificent waterways of Sydney Harbour. I think you would all agree, that it's really hard to beat a good day out on the water. I think it's this love of being on the water, as well as the camaraderie that we all share, that brings us together.

It goes without saying, but it can and should be said, that you are all lovely people and great company. We, the sailors, have immense gratitude to you all, for everything you do for us.

You, the volunteers, enable Balmoral Sailing Club to exist and function. You constitute the co-operative foundation that allows us all to have great days on the water. The club as a whole enables young people to learn from more experienced sailors and for more experienced sailors to learn and gain encouragement from the youngsters enjoying sailing.

I am aware, as a relative newcomer, that I am only seeing the very tip of the iceberg of the extraordinary dedication and commitment volunteers put into this club. The length and breadth of the voluntary activities is vast. I am told that

Richard Nixon Hal Bochinn,1990-01-19 Although much has been written about Richard Nixon the man and the politician comparatively little attention has been paid to Nixon the public speaker This is unfortunate because it was through public speaking that Nixon an introverted private man first captured public attention won a seat in the House of Representatives advanced to the Senate held on to his vice presidential nomination lost and won the presidency and eventually molded a constituency that carried him to one of the most overwhelming presidential election victories in American history It was also through public speaking that President Nixon attempted to defend himself against charges related to the Watergate incident and sought to save himself from impeachment When his rhetorical efforts failed to rouse popular support he had no choice but to resign This volume examines the combination of personal characteristics and artistic choices that made Richard M Nixon a successful albeit extremely controversial public speaker from 1946 to the present Based on Nixon s own writings primary materials found in special collections a number of rhetorical studies by communication scholars and historical case

studies the most complete picture yet of Nixon as a rhetorical strategist emerges The study of Nixon s rhetoric is the study of many important issues from the alleged threat of subversive communism to Vietnam to Watergate confronting America from 1946 to 1974 It is also the study of the man himself because Nixon took an active role in the composition of all his important addresses That both the highs and lows of Richard Nixon s career were marked by public address makes the rhetoric of Richard Nixon a worthy subject for anyone interested in political science history or communication and persuasion
