

The Great Grown-up SPELLING Bee

Sponsorship Proposal

Goal

Each fall, Kalamazoo Public Library hosts the Great Grown-Up Spelling Bee to benefit the early childhood literacy program, Ready to Read. 100% of net Spelling Bee proceeds are used to buy books for at-risk children in Kalamazoo County.

The Event

- Wednesday, November 19, 2014, 6-9 pm, at the Bonbrud Center Ballroom, WMU
- Teams of eight adults — two courageous spellers and six outrageous cheerleaders compete
- Prizes awarded for best spelling, best costumes and most enthusiastic, creative cheering
- Complimentary hors d'oeuvres and cash bar
- Event recorded by Public Media Network TV and broadcast on many subsequent dates

Sponsorship Opportunities

- Sponsor with a donation of any amount. Please see attached sheet for more information.
- Sponsor at the Bronze (\$500) level or higher and you may opt to send a team to participate in the Bee.

For more information, please contact the Ready to Read program coordinator, Mikki Henry, at mikkih@kpl.gov or (269) 78885. Visit www.kpl.gov/ready-to-read to learn more. Make checks payable to Kalamazoo Public Library and send to 315 South Rose Street, Kalamazoo, MI 49007.

Chicago Dairy Produce, 1916 **The Church of England and Victorian Oxford** Michael J. Turner, 2023-07-31 The Church of England and Victorian Oxford The History of the Oxford Churchmen's Union 1860 1890 explores key questions about the Victorian Church How did it respond to challenges what was the role of Tractarian clergy and laity and to what extent did the Church's effort to prove its continuing relevance and usefulness involve compromise The author uses the Oxford Churchmen's Union to investigate these matters in a new and integrated way The OCU participated in Church defense and developed outreach programs Men were to be brought into the Church through lectures and classes concerts sporting events Christmas parties and summer excursions but for many OCU members the social and recreational became more important than the religious side of the enterprise Moreover the Union was born in controversy because its founders included Tractarians and others looked upon it with suspicion Controversy also surrounded the OCU's non religious activities There was a sense that leisure and amusement if they prompted a departure from a strict focus on self improvement ought to be shunned yet this was an age in which pleasure was to some degree divested of its traditional association with sin This academic study in Church history uses the Union to elucidate the religious social and political conditions within which the Church and its supporters had to operate

What Every Teacher Needs to Know about Psychology David Didau, Nick Rose, 2016-08-12 Much of what we do in classrooms is intuitive steered by what feels right but all too often intuition proves a poor sometimes treacherous guide Although what we know about the workings of the human brain is still pitifully little the science of psychology can and has revealed certain surprising findings that teachers would do well to heed Over the past few decades psychological research has made real strides into understanding how we learn but it's only in the last few years that education has become aware of these insights Part of the problem is a tendency amongst teachers to resist being told what works if it conflicts with intuition Whilst we cannot and should not relinquish our professional

judgement in the face of outlandish claims we should at least be aware of what scientists have discovered about learning thinking motivation behaviour and assessment over the past few decades This though is far easier said than done Every year thousands of research papers are published some of which contradict each other How can busy teachers know which research is worth investing time in reading and understanding Here David Didau and Nick Rose attempt to lay out the evidence and theoretical perspectives on what they believe are the most important and useful psychological principles of which teachers ought to be aware That is not to say this book contains everything you might ever need to know there is no way it could it is merely a primer We hope that you are inspired to read and explore some of the sources for yourself and see what other principles can find a home in your classroom Some of what we present may be surprising some dubious but some in danger of being dismissed as blindingly obvious Before embracing or dismissing any of these principles we urge you to interrogate the evidence and think carefully about the advice we offer While nothing works everywhere and everything might work somewhere this is a guide to what we consider the best bets from the realm of psychology

Partnerships and Collaborations in Public Library Communities: Resources and Solutions Ellis, Karen,2011-12-31 This book shows how partnerships can be cultivated through projects programming funding and extending the library s presence through unique avenues offering librarians a better understanding of what might be possible for their situational requirements and limitations Provided by publisher

The Will to Learn Martin V. Covington,1998 This book introduces the basic principles of motivation as they apply to classroom learning and management in a readable non technical form Covington argues against the popular notion that the problems existing in schools today stem primarily from a lack of student motivation Instead he asserts that students are motivated sometimes even overly motivated but often for the wrong reasons Traditional teaching methods including

conventional grading procedures and an emphasis on competition can contribute to student demoralization and Covington identifies the ways in which students respond to misguided incentives For some students motivation is directed at avoiding failure by avoiding participation For others demoralization leads to withdrawal from an educational system that they believe to be irrelevant to their lives Still other students are driven to prove their worth by outperforming fellow students The book suggests practical concrete ways that teachers can use classroom incentives to inspire a desire to learn **Weekly**
