Porter,2011 All the hard questions about human action are about what to include in a story what can be left out and how to characterize what gets included A narrative selects from all the world s motions which ones are part of or relevant to an act and so narratives give us what narratives have already shaped the relation is circular Many narratives can be told of an act not all consistent Some features of human action events off stage determine what s happening on stage many actions pass through motions in view an act can be changed after the fact action presupposes language what an act is can be highly ambiguous we judge acts and narratives because we have a stake in them **Quantum Mechanics and Analytical**

Muhenda (English version) Wilson Miguel, After the success and also the breaking of the law of the black lives matter movement all blacks around the world were expelled forced to return to Africa creating a political division between blacks and whites But the explosion of global warming and the rupture of the ozone layer grants world dominion and power over the only kingdom on the planet that holds natural resources the kingdom of Muhenda in Africa A place where white people were never welcome However an agent of the intelligence of the whites manages to enter Muhenda The king of Muhenda is murdered and the white man is sentenced to death for the crime and as retaliation all the remaining whites were made slaves Years later a dictator and tyrant empire rises dominating all of Africa inflicting terror oppression inequality and pain Led by the new king of Muhenda and the brother of the deceased the emperor Luther Nankela That situation forces Sowety a young African warrior queen and Selena a young white slave to stand up step up and fight against the new system Two different women two enemy races one almost impossible gold freedom
