The Caregiver's Guide to Strict and Loving Discipline Clarine Klein, 2022-02-16 In spite of leaps and bounds in both society and technology there are still some truths that remain universal The sky is blue ice cream is delicious and nothing adjusts a bratty attitude quite like a sound spanking While the latter is an immutable fact sadly not all Caregivers are prepared to provide their Little or Middle with the sort of no nonsense discipline they need in order to truly thrive Fortunately Clarine Klein renowned Professor of Spankology has condensed two decades worth of meticulous research in the Disciplinary Arts into an easy and fun to read manual guaranteed to provide you with everything you need to give a spanking by the book Topics covered in this spanktastic guide include How to give an effective scolding A deep dive into Supplementary Punishments such as early bedtimes mouth soaping and diapers pull ups A detailed overview of the five types of spankings including Attitude Adjustments Spankings for Encouragement and Maintenance Spankings A comprehensive guide of recommended Spanking Positions and Implements as well as how best to use them A step by step walk through of every facet of giving your Little or Middle the sort of spanking that is guaranteed to produce long lasting results And so much more Please Note that this book is intended for adults engaging in CONSENTING ageplay spanking and other related kinks only NO CHILD SHOULD EVER BE HIT FOR DISCIPLINE I don't care if you grew up as a wooden spoon survivor or were like me and just had a bone deep interest in spanking since before you can remember Unlike the tantalizing nonsense in this book actual scientists have proven time and time again that corporal punishment does not work to improve behavior and is both harmful and abusive to those who receive it To that end allow me to clarify that this book is meant to be a parody of those god awful raising your kids the right way through old fashioned Christian fundamentalism and spanking books Looking at you Dare to Discipline God the Rod and your Child's Bod and all the dreck written by the Pearls and as such it is not to be taken as any sort of endorsement of those sorts of parenting styles Because yeah They're gross

Why Spanking Doesn't Work Michael J. Marshall, 2002 The author clearly presents the issue of spanking in a clear manner and presents alternative ways of discipline Written in an easy to read style so families can read and learn together Statistics show that the most violent institution in America today is not the federal prison system It is the family the chances of getting assaulted and injured by someone else in your lifetime are greater in your family by far than in any other group of people you are likely to be around Why is the family so violent According to the authors one of the main reasons is our belief as a society that physical punishment is acceptable and it all starts with the belief that spanking is good for our children In this insightful well researched book Dr Marshall reveals Hitting a child causes more behavioral problems than it solves Spanking has been found to increase aggression in children Cases of poor self image and depression have been traced to childhood corporal punishment Repetition of one's own childhood experience is a poor substitute for informed parenting Parents who explore this book will be amply rewarded as they learn alternatives to spanking [CLICK HERE](#)
