Spectators Guide To World Religion:

A Spectator's Guide to World Religions John Dickson, 2008 In this timely book John Dickson presents each of the world's major religions. He carefully outlines the history, belief systems, and spiritual practices of Hinduism, Buddhism, Judaism, Christianity, and Islam so that the interested and curious spectator can explore their similarities and differences. *A Spectator's Guide to World Religions* John Dickson, 2004-2005 Christian Book of the Year. Written in John Dickson's characteristically non-technical and readable style, this book urges the reader to become more than mere spectators when approaching the religions of the world.

A Doubter's Guide to World Religions John Dickson, 2022-03-15 For believers and skeptics alike, *A Doubter's Guide to World Religions* introduces the five major world religions so that you can explore their similarities and differences in a fair and engaging way. The world is a very religious place. Wherever you look, people are worshipping, praying, believing, following, even dying for their faith. But what does it mean to be religious? Are all religions the same? Do they all call on the same God, simply using different names? Are their beliefs and practices simply cultural expressions of the same spiritual longings? Written by historian and theologian John Dickson in his characteristically engaging style, this book presents each of the world's five major systems of faith, carefully outlining the history, doctrines, beliefs, and spiritual practices of Hinduism, The Way of Release, Buddhism, The Way of Enlightenment, Judaism, The Way of the Torah, Christianity, The Way of the Christ, Islam, The Way of Submission. In his own words, Dickson acts as an art curator in a gallery, presenting each of these works of art in their best light and letting each have their say. Along the way, he demonstrates the importance of religion in general to society and to individual believers and addresses many of the universal questions that all of these serious and ancient religions ask: Who are we? What is our worth? How should we live? Are we alone? At the end of each section is a bibliography of helpful books and websites for those who are interested in learning even more.
