Reading for Our Lives Maya Payne Smart, 2022-08-02 An award winning journalist and literacy advocate provides a clear step by step guide to helping your child thrive as a reader and a learner When her child went off to school Maya Smart was shocked to discover that a good education in America is a long shot in ways that few parents fully appreciate Our current approach to literacy offers too little too late and attempting to play catch up when our kids get to kindergarten can no longer be our default strategy We have to start at the top The brain architecture for reading develops rapidly during infancy and early language experiences are critical to building it That means parents work as children's first teachers begins from day one too and we need deeper knowledge to

play our positions Reading for Our Lives challenges the bath book bed mantra and the idea that reading aloud to our kids is enough to ensure school readiness Instead it gives parents easy immediate and accessible ways to nurture language and literacy development from the start Through personal stories historical accounts scholarly research and practical tips this book presents the life and death urgency of literacy investigates inequity in reading achievement and illuminates a path to a true transformative education for all

The Invisible Front Yochi Dreazen, 2015-10-06 The unforgettable story of a military family that lost two sons one to suicide and one in combat and channeled their grief into fighting the armed forces suicide epidemic Major General Mark Graham was a decorated two star officer whose integrity and patriotism inspired his sons Jeff and Kevin to pursue military careers of their own His wife Carol was a teacher who held the family together while Mark's career took them to bases around the world When Kevin and Jeff die within nine months of each other Kevin commits suicide and Jeff is killed by a roadside bomb in Iraq Mark and Carol are astonished by the drastically different responses their sons' deaths receive from the Army While Jeff is lauded as a hero Kevin's death is met with silence evidence of the terrible stigma that surrounds suicide and mental illness in the military Convinced that their sons died fighting different battles Mark and Carol commit themselves to transforming the institution that is the cornerstone of their lives The Invisible Front is the story of how one family tries to set aside their grief and find purpose in almost unimaginable loss The Grahams work to change how the Army treats those with PTSD and to erase the stigma that prevents suicidal troops from getting the help they need before making the darkest of choices Their fight offers a window into the military's institutional shortcomings and its resistance to change failures that have allowed more than 3 000 troops to take their own lives since 2001 Yochi Dreazen an award winning journalist who has covered the military since 2003 has been granted remarkable access to the Graham family and tells their story in the full context of two of America's longest wars Dreazen places Mark and Carol's personal journey which begins when they fall in love in college and continues through the end of Mark's thirty four year career in the Army against the backdrop of the military's ongoing suicide spike which

shows no signs of slowing With great sympathy and profound insight *The Invisible Front* details America's problematic treatment of the troops who return from war far different than when they'd left and uses the Graham family's work as a new way of understanding the human cost of war and its lingering effects off the battlefield
