Diagnostics and Prognostics of Aerospace Engines Ravi Rajamani,2018-11-28 The propulsion system is arguably the most critical part of the aircraft it certainly is the single most expensive component of the vehicle Ensuring that engines operate reliably without major maintenance issues is an important goal for all operators military or commercial Engine health management EHM is a critical piece of this puzzle and has been a part of the engine maintenance for more than five decades In fact systematic condition monitoring was introduced for engines before it was applied to other systems on the aircraft

Diagnostics and Prognostics of Aerospace Engines is a collection of technical papers from the archives of SAE International which introduces the reader to a brief history of EHM presents some examples of EHM functions and outlines important future trends The goal of engine health maintenance is ultimately to reduce the cost of operations by catching problems before they become major issues by helping reduce repair times through diagnostics and by facilitating logistic optimization through prognostic estimates

Diagnostics and Prognostics of Aerospace Engines shows that the essence of these goals has not changed over time

The American Indian Oral History Manual Charles E. Trimble,Barbara W. Sommer,Mary Kay Quinlan,2016-07 Oral history is a widespread and well developed research method in many fields but the conduct of oral histories of and by American Indian peoples has unique issues and concerns that are too rarely addressed This essential guide begins by differentiating between the practice of oral history and the ancient oral traditions of Indian cultures detailing ethical and legal parameters and addressing the different motivations for and uses of oral histories in tribal community and academic settings Within that crucial context the authors provide a practical step by step guide to project planning equipment and budgets and the conduct and processing of interviews followed by a set of examples from a variety of successful projects key forms ready for duplication and the Oral History Association Evaluation Guidelines This manual is the go to text for everyone involved with oral history related to American Indians
