Ashton, 2025-05-30 The Routledge

Handbook of Heritage and Gender offers an exceptional range of international contributions that interrogate and analyse the interactions within and between heritage and gender. Taking an intersectional and global approach, the Handbook opens up space for a more critical and situated consideration of how gender comes into contact with heritage as a concept and practice. The volume considers heritage in the broadest sense as a concept, performance and materialisation. The contributions also consider how heritage impacts identity, power, people, values, politics and ethics, as well as processes and sites across material culture, nature and intangible practices. The volume and its contributions are inclusive of cisgender, trans, non-binary, agender and intersex identities. Reflecting the multidisciplinary and transnational voices of its authors, the collection challenges readers to consider what a focused analysis of heritage and gender can offer heritage studies as an evolving discipline and field of study. The Routledge Handbook of Heritage and Gender will be of interest to academics and students working in Heritage Studies, Museum Studies, Art History, History, Anthropology, Gender and Women's Studies and International Development.

Expanding the Parameters of Feminist Activism Gillian Hannum, Kyunghye Pyun, 2022-11-04

This book explores the work and careers of women, trans and third gender artists engaged in political activism. While some artists negotiated their own political status in their indigenous communities, others responded to global issues of military dictatorship, racial discrimination or masculine privilege in regions other than their own. Women, trans and third gender artists continue to highlight and challenge the disturbing legacies of colonialism, imperialism, capitalism, communism and other political ideologies that are correlated with patriarchy, primogeniture, sexism or misogyny. The book argues that solidarity among such artists remains valuable and empowering for those who still seek legitimate recognition in art schools, cultural institutions and the history curriculum.
