Italian Mobilities Ruth Ben-Ghiat, Stephanie Hom, 2015-07-24

The Italian nation state has been defined by practices of mobility Tourists have flowed in from the era of the Grand Tour to the present and Italians flowed out in massive numbers in the late 19th and early 20th centuries Italians made up the largest voluntary emigration in recorded world history As a bridge from Africa to Europe Italy has more recently been a destination of choice for immigrants whose tragic stories of shipwreck and confinement are often in the news This first of its kind edited volume offers a critical accounting of those histories and practices shedding new light on modern Italy as a flashpoint for mobilities as they relate to nationalism imperialism globalization and consumer leisure and labor practices The book s eight essays reveal how a country often appreciated for what seems immutable its classical and Renaissance patrimony has in fact been shaped by movement and transit

Empire's Mobius Strip Stephanie

Malia Hom, 2019-09-15 Its brilliant prose makes Empire s Mobius Strip easily accessible to anyone interested in today s migration crisis in the Mediterranean and elsewhere in the world American Historical Review Italy s current crisis of Mediterranean migration and detention has its roots in early twentieth century imperial ambitions Empire s Mobius Strip investigates how mobile populations were perceived to be major threats to Italian colonization and how the state s historical mechanisms of control have resurfaced with greater force in today s refugee crisis What is at stake in Empire s Mobius Strip is a deeper understanding of the forces driving those who move by choice and those who are moved Stephanie Malia Hom focuses on Libya considered Italy s most valuable colony both politically and economically Often perceived as the least of the

great powers Italian imperialism has been framed as something of colonialism lite But Italian colonizers carried out genocide between 1929-33 targeting nomadic Bedouin and marching almost 100 000 of them across the desert incarcerating them in camps where more than half who entered died simply because the Italians considered their way of life suspect There are uncanny echoes with the situation of the Roma and migrants today Hom explores three sites in novella like essays where Italy's colonial past touches down in the present the island the camp and the village Empire's Mobius Strip brings into relief Italy's shifting constellations of mobility and empire giving them space to surface submerge stretch out across time and fold back on themselves like a Mobius strip It deftly shows that mobility forges lasting connections between colonial imperialism and neoliberal empire establishing Italy as a key site for the study of imperial formations in Europe and the Mediterranean
