

A romantic couple is shown in a close embrace on a wooden dock by a lake. The man, with dark hair and a beard, is wearing a black t-shirt and has his arms around the woman. The woman, with long brown hair, is wearing a white tank top and blue jeans. They are both looking down at each other. The background features a calm lake reflecting the sunset sky, which is a mix of orange, pink, and blue. In the distance, there is a line of dark trees. The overall mood is romantic and serene.

Southern Heat English Edition:

Folk-Songs of the Southern United States Josiah H. Combs, 2014-07-03 The spirit of balladry is not dead but slowly dying The instincts sentiments and feelings which it represents are indeed as immortal as romance itself but their mode of expression the folksong is fighting with its back to the wall with the odds against it in our introspective age This statement by Josiah Henry Combs is that of a man who grew up among the members of a singing family in one of the last strongholds of the ballad making tradition the Southern Highlands of the United States Combs was born in 1886 in Hazard Kentucky the heart of the mountain feud area a significant background for one who was to take a prominent part in the ballad war of the 1900s Combs s intimate knowledge of folk culture and his grasp of the scholarly literature enabled him to approach the ballad controversy with common sense as well as with some of the heat generated by the dispute Although in the early twentieth century there was probably no more controversy about the nature of the folk and folksong than there is today it was a different kind of controversy Many theories of the origins of folksong current at that time such as the alleged relationship of traditional ballads to primitive poetry did not take into account contemporary evidence Combs said Here as elsewhere I go directly to the folk for much of my information allowing the songs language names customs of the people to help settle the problem of ancestry In brief a conscientious study of the lore of the folk cannot be separated from the folk itself Folk Songs du Midi des tats Unis published as a doctoral dissertation at the University of Paris in 1925 was an introduction to the study of the folksong of the Southern Appalachians together with a selection of folksong texts collected by Combs Folk Songs of the Southern United States the first publication of that work in English is based on the French text and Combs s English draft To this edition is appended an annotated listing of all songs in the Josiah H Combs Collection in the Western Kentucky Folklore Archive at the University of California Los Angeles The appendix also includes the texts of selected songs The aim of this edition is to make the contents of the original volume more readily available in English and to provide an index to the Combs Collection that may be drawn upon by students of folksong The book also offers texts of over fifty songs of British and American origin as sung in the Southern Highlands Southern Institutes George S.
