Patriarchy's Remains Erin K. Hogan,2024-04-23 Something is rotten in the state of Spain The uninterred corpse of a patriarchal figure populates the visual landscapes of Iberian cinemas He is chilled drugged perfumed ventilated presumed dead speared in the cranium and worse Analyzing a series of Iberian cinematic dark comedies from the 1950s to the present day Patriarchy s Remains argues that the cinematic trope of the patriarchal death symbolizes the lingering remains of the Francisco Franco dictatorship in Spain 1939 75 These films created as satirical responses to persisting economic social and political issues demonstrate that Spain s transition to democracy following the Francoist period is an incomplete and ongoing process Within the theme of patriarchal decay the significance of the figure differs across cinematic representations from his indispensability to his obstructionism and exploitation Erin Hogan traces the prevalence of patriarchal death by analyzing its relationship with the surrounding characters who must depend on the deceased Hogan demonstrates how the patriarch s persistence in film both reveals and challenges an array of discriminations and inequalities in the cinematic grotesque tradition in Iberian cinemas more broadly and in Iberian society as a whole Despite Spain s ongoing transition towards democratic pluralism Patriarchy s Remains serves as a reminder that the remnants of an entrenched although not interred patriarchal culture continue to haunt Iberian society

Barron's SAT Study Guide

Gallego, 2010-04-08 This book provides a detailed and up to date review of the framework of phases Chomsky 2000 and subsequent work It explores the interaction between the narrow syntactic computation and the external systems from a minimalist perspective As has sometimes been noted Phase Theory is the current way to study the cyclic nature of the system and phases are therefore the natural locality hallmark being directly relevant for phenomena such as binding agreement movement islands reconstruction or stress assignment This work discusses the different approaches to phases that have been proposed in the recent literature arguing in favor of the thesis that the points of cyclic transfer are to be related to uninterpretable morphology the features on the heads C and v This take on phases is adopted in order to investigate raising structures binding subjunctive dependents and object shift word order in Romance languages as well as the nature of islands *Good Kids* Isabel Jijon, 2025-07-29 One in ten children worldwide is involved in some form of child labor While almost half are in occupations that put their safety at risk the other half have gray jobs like industrial farming or selling candy on the street Children in these positions often defend the value of their work and some even join social movements to demand the right to work with dignity In *Good Kids* Isabel Jijon reveals how global campaigns against child labor are often met with resistance from the very children they are meant to protect Conducting interviews in Bolivia and

Ecuador with children who defend their labor Jijon explores what they mean by value rights and dignity in this context She finds that working children seek a sense of self worth as well as worthiness in their closest relationships they use work to prove that they are good sons daughters good friends or simply good kids Drawing also on interviews with reformers invested in ending child labor Jijon produces a nuanced picture of the ways that global campaigns can unintentionally undermine these relationships and make working children feel stigmatized rather than protected This fascinating and challenging study of moral meaning making upends simple understandings of harm and worthiness in a vast but poorly understood labor market Modules McDougal Littell Incorporated,2005 **Study Guide for Understanding Nursing Research -E-Book**
