

Task 3 - Assessment Commentary

1. Analyzing Student Learning

- a. Identify the specific learning target(s) measured by the assessment you chose for analysis:

[The assessment I chose for the analysis of my learning segment is the summative assessment I conducted at the end of the learning segment taught. It includes a total of 9 problems, assessing on each of the three lessons taught in the learning segment.

For lesson 1 (Comparing Two Numbers Within 10 and 100), problems 1 and 2 of the summative assessment are measuring the conceptual understanding of the segment (place value) as it relates to the learning target which is: "Students can use words to compare two-digit numbers between 10 and 100 and determine which is greater than or less than." Students who met the learning target of this portion of the assessment earned 2 out of 2 points on 7.1 (Lesson 1) content. The class as a whole met the target by having at least 16 out of 22 students earn 2/2 points for lesson 1 of the summative assessment.

For lesson 2 (Comparing Two Numbers Within 100), problems 3, 4 and 5 on the summative assessment are measuring the procedural fluency (longs and outdoors) of the segment as it relates to the learning target which is: "Students can use words and models (longs and outdoors) to compare two numbers within 100 and determine which is greater than or less than." Students who met the learning target of this portion of the assessment earned 3 out of 3 points on 7.2 (Lesson 2) content. The class as a whole met the target by having at least 16 out of 22 students earn 3/3 points for lesson 2 of the summative assessment.

For lesson 3 (Comparing Numbers Using Place Value), problems 6, 7 and 8 on the summative assessment are measuring the mathematical reasoning of the segment (how they know their comparison) as it relates to the learning target which is: "Students can use place value to compare two numbers within 100." Students who met the learning target of this portion of the assessment earned 3 out of 3 points on 7.3 (Lesson 3) content. The class as a whole met the learning target by having at least 16 out of 22 students earn 3/3 points for lesson 3 of the summative assessment.

For the overall score of the assessment on the whole learning segment, students were assessed on a combination of all 3 learning targets to create the criterion for the assessment score. Students will have demonstrated that they can use words and place value to compare numbers within 100, determining which number is greater than or less than by earning at least 6 out of 9 (75%) accuracy on the summative assessment.]

- b. Provide a graphic (table or chart) or narrative that summarizes student learning for your whole class. Be sure to summarize student learning for all evaluation criteria submitted in Assessment Task 3, Part D.

Tpa Task Examples Introduction

In the digital age, access to information has become easier than ever before. The ability to download Tpa Task Examples has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Tpa Task Examples has opened up a world of possibilities. Downloading Tpa Task Examples provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Tpa Task Examples has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Tpa Task Examples. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Tpa Task Examples. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Tpa Task Examples, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Tpa Task Examples has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
