

The background of the cover is a high-magnification, false-color aerial photograph of a complex integrated circuit die. The die is rectangular and filled with a dense, intricate pattern of circuitry. Various regions are highlighted in different colors: large rectangular blocks of bright green, elongated strips of magenta and blue, and smaller patches of red and yellow. A network of fine, dark lines represents the interconnects between the functional blocks. The overall appearance is that of a highly detailed, multi-layered electronic structure.
