Naval AntiAircraft Guns and Gunnery Norman Friedman, 2014-02-15 This book does for naval anti aircraft defense what Friedman s *Naval Firepower* did for surface gunnery it makes a highly complex but historically crucial subject accessible to the layman It traces the growing aerial threat from its inception in WWI and the response of each of the major navies down to the end of

WWII highlighting in particular the underestimated danger from dive bombing The work considers what effective AA fire control required and how well each navy's systems actually worked analyzing the weapons how they were placed on ships and how this reflected the tactical concepts of naval AA defense All important guns directors and electronics are represented in close up photos and drawings and lengthy appendices detail their technical data It is simply another superb contribution to naval technical history by its leading exponent *The Vietnam War in American Memory* Christian Goodwillie, Jane F. Crosthwaite, 2009

From the very beginning in the 1770s singing was an important part of the worship services of the Shakers formally known as the United Society of Believers in Christ's Second Appearing Yet until the early nineteenth century nearly all Shaker songs were wordless expressed in unknown tongues or as enthusiastic vocalizations Only when Shaker missionaries moved west into Ohio and Kentucky did they begin composing hymn texts chiefly as a means of conveying the sect's unconventional religious ideas to new converts In 1812-13 the Shakers published their first hymnal This venture titled *Millennial Praises* included the texts without music for one hundred and forty hymns and elucidated the radical and feminist theology of the Shakers neatly distilled in verse This scholarly edition of the hymnal joins the texts to original Shaker tunes for the first time One hundred and twenty six of the tunes preserved in the Society's manuscript hymnals have been transcribed from Shaker musical notation into modern standard notation thus opening this important religious and folk repertoire to modern scholars Many texts are presented with a wide range of variant tunes from Shaker communities in New England New York Ohio and Kentucky Introductory essays by volume editors Christian Goodwillie and Jane F Crosthwaite place *Millennial Praises* in the context of Shaker history and offer a thorough explication of the Society's theology They track the use of the hymnal from the point of publication up to the present day beginning with the use of the hymns by both Shaker missionaries and anti Shaker apostates and ending with the current use of the hymns by the last remaining Shaker family at Sabbathday Lake Maine The volume includes a CD of historical recordings of six Shaker songs by Brother Ricardo Belden the last member of the Society at Hancock Shaker Village *Department of Transportation and Related Agencies*

The Sociology of Military Science Chris Paparone, 2012-11-08 This groundbreaking work challenges modernist military science and explores how a more open design epistemology is becoming an attractive alternative to a military staff culture rooted in a monistic scientific paradigm The author offers fresh sociological avenues to become more institutionally reflexive to offer a variety of design frames of reference beyond those typified by modern military doctrine Modernist military knowledge has been institutionalized to the point that blinds militaries to alternative designs organizationally and in their interventions This book seeks to reconstruct strategy and operations in designing ways and develops theories of action through multifaceted contextualizations and recontextualizations of situations showing that Military Design does not have to rely on set rational analytic decision making schemes but on seeking alternative meanings in and on action The work offers an alternative philosophy of practice that embraces the unpredictability of tasks to be accomplished Written by Colonel Paparone U S Army Ret PhD with a special chapter by two active duty officers it will appeal to all in military and security studies including professionals and policymakers
