1971 President Nixon stated America's public enemy number 1 is drug abuse. This issue has only increased since then. The author shares a personal story of triumph in detail of how he went from a homeless drug addict to a life of purpose and success. Throughout the mid and closing sections of this book, one will discover a timeless set of principles and thought constructs that will help any addict or family thereof. An entire chapter of this book focuses on the societal mischaracterization of addiction being a disease. Addiction is not a disease; it is idolatry. This book will look at addiction through the lens of a biblical worldview and will provide hope and healing to countless lives. Evangelicals, Worship and Participation Alan Rathe, 2016-04-22. In discussions of worship, the term participation covers a lot of ground. It refers not only to concrete acts in gathered liturgy but also to some of the loftiest claims of Christian theology. In this book, Alan Rathe probes the ways in which North American evangelicals have in recent years regarded the landscape of participation. Rathe presents a broad review of evangelical worship literature through a lens borrowed from medieval theology. This brings into surprising focus not only evangelical understandings but also evangelical identities and the historical traditions they reflect and offers fresh perspectives on such current theological concerns as God's triunity, missio Dei, and the practical theology of participation. Offering a fresh contribution to a young but important discipline, the liturgically informed study of evangelical worship practice, this book reconnects the evangelical tradition to the Great Tradition and in the process reappropriates classic concepts that are full of promise for contemporary ecumenical dialogue.

Principles for Presenting the Purity of the Passage Dr. D.L. Richardson, Expository teaching and preaching.

Never to Leave Us Alone Lewis V. Baldwin, An award-winning author looks at the personal prayers that Martin Luther King Jr. recited, explaining how King turned to private prayer and meditation for his own spiritual fulfillment and to public prayer as part of his sermonic discourse as an aspect of his pastoral care and as a way of moving, inspiring, and reaffirming people.

Original *Playing with Fire* David J. Schlafer, 2004-01-25. Offering a fresh approach to homiletics, David J. Schlafer provides an invitation to preaching by way of metaphor. Starting with the fire of Scripture and engaging in the work of preaching as play, Schlafer offers new ways of approaching the preaching moment. Taking into account the preacher's call, the stages of preparation, the role of the congregation, and the presence of the Holy Spirit in the midst of it all, we discover that playing with fire is a sacred act indeed. Two metaphors dance together across the pages of this book: fire and play. Two metaphors plus a hunch that texts of the Scriptures, the grounding voices of inspiration for Christian preaching, offer more than just truths to be interpreted and transmitted. What we call the Scriptures are the work of a great company of preachers. The Bible is a treasure lode of imaginative insights regarding how the mystery of preaching might be entertained from the Introduction.

Under the Oak Tree Ronald J. Allen, John S. McClure, O. Wesley Allen Jr., 2013-11-06.

Two trends in the early twenty-first century intersect to give this volume immediate relevance: 1. The emerging postmodern

ethos in North America is calling into question many things we have taken for granted including the purposes of the church and 2 our time is increasingly fractious as groups with distinct worldviews become polarized and often antagonistic Eleven noted contributors join a growing current that sees conversation as an image to refresh our thinking about the nature and purpose of the church and as a process in which individuals and communities with different perspectives come together for real understanding Under the Oak Tree employs the image of Sarah and Abraham greeting three visitors under the Oaks of Mamre as an image for the church as a community of conversation a community that opens itself to the otherness of the Bible voices in history and tradition others in the contemporary social and ecological worlds Furthermore the book shows how conversation can lead the church to action The book takes a practical approach by exploring how conversation can shape key parts of the church s life Topics include preaching worship formation evangelism pastoral care mission and ecumenism social witness and the relationship of Christianity to other religions Foundational chapters consider God as conversational the church as community of conversation and the minister as conversation leader
