

With Smile Shutter™ technology, the DSC-W130 captures smiles the moment they happen and lets you share them beautifully in High Definition¹. You can expect stunning detail and color thanks to its 8.1 megapixel resolution, Carl Zeiss® 4x optical zoom lens, and Face Detection technology.

- **8.1 MP Super HAD™ CCD**
More megapixels give you more detail and definition when you make big prints or crop in tight on your subject. The advanced Sony® Super HAD™ (Hole Accumulated Diode) CCD design allows more light to pass to each pixel, increasing sensitivity and reducing noise.
- **Carl Zeiss® 4x Optical Zoom Lens**
4x optical zoom brings distant subjects closer to help you capture sharp, detailed long shots and quickly frame images for better composition — great for family sports, outdoor fun, and travel photos.
- **2.5" TFT LCD Display**
The large, bright 2.5" TFT LCD (115K Pixels) display makes it easy to compose shots, check results, and read menus in sharp natural color, even in bright sunlight.
- **Face Detection**
Face Detection technology automatically controls flash, focus, exposure, and white balance to help reveal faces in shadows, make skin tones look more natural, reduce red-eye, and eliminates harsh facial glare.
- **Smile Shutter Mode**
Smile Shutter™ technology captures smiles the moment they happen™ — without the need to press the shutter. The mode can be set to capture when your subject laughs, smiles or even yawns, and like Face Detection is able to differentiate children and adults to set priority.
- **Sony Double Anti-Blur Solution**
The combination of Super SteadyShot® optical image stabilization and high ISO sensitivity helps compensate for shaky hands, minimizes blur, and allow flash-free shooting to preserve the mood.
- **Super SteadyShot® Optical Image Stabilization**
Super SteadyShot® Image Stabilization compensates for shaky hands and minimizes blur with a built-in gyro sensor that detects camera movement and sends correcting signals to a stabilization lens — so there's no need to crop in on your shot to reduce blur.

- **High Sensitivity (ISO 3200) Mode**
With high sensitivity of ISO 3200, you can shoot effectively in low light without flash to preserve the mood, while the Sony Clear RAW™ Noise Reduction system helps suppress the color noise that can degrade low-light shots.
- **Dynamic Range Optimization Standard**
Powered by the exclusive Sony Boron® high-speed processing engine, Dynamic Range Optimization preserves image data in bright highlights and reveals more detail in shadows or backlit areas — for great results even in difficult lighting conditions.
- **Convenient Photo Modes**
To adjust quickly for specific shooting situations, you can choose from several convenient photo modes, including Auto, Program Auto, and Scene Selections such as Twilight, Twilight Portrait, Fireworks, Smile Shutter, Landscape, Soft Snap, Snow, High Sensitivity, and Beach environments.
- **MPEG Movie/VX Fine Mode**
Capture VGA (640 x 480) audio/video clips at a high frame rate (up to 30 frames per second²). The maximum length of time you can shoot continuously is about 10 minutes.
- **Automatic Macro Shooting**
Automatic Macro Shooting — Standard Auto Focus now covers the macro focus range, eliminating the need to manually change focus modes for close-up photography. The Macro mode has not been eliminated, and enabling it accelerates Auto Focus when shooting at point-blank range.
- **9-point Auto Focus**
Because an off-center subject can make your shot more interesting, a 9-point auto focus measures auto-focus at 9 precision points instead of 5 — giving you greater creative freedom to compose your image.
- **Smart Zoom® Feature³**
The Sony Smart Zoom® feature intelligently "crops into" the central portion of interest in your photo, helping avoid the image degradation of other digital zooms.

- **Burst Mode**
You can fire off up to one hundred shots at Approx. 0.50 second intervals (at any resolution: VGA to full resolution mode) — a great way to capture a child's first steps or a pet's best tricks.

ADDITIONAL FEATURES

- Simple Setup Controls
- Easy Shooting Mode
