Timeless Love of Twin Souls Janet Kay Darling,Phillip George,2014-06 A truly amazing story which shows how love transcends all time A personal testament to the fact that love is eternal that love endures and does not die when the physical body does Love transports us through all of our journeys but we need to remember this Twin soul love is powerful and a part of every individual where each of us seeks to find what we feel to be missing But how do you know when it s found How can you be sure about love when you have forgotten how it truly feels When two people discover their twin soul love for one another not only in this lifetime but also remember it from a previous lifetime then they can guide us all Finding love understanding love as well as appreciating our true self for who we really are continues to be shrouded in the mystery of our day to day earthly existence This enduring lack of understanding only serves to perpetuate an unwarranted sense of incompleteness and loneliness deep within us which all too often gives rise to feelings of fear despair and discontent So as a consequence we experience an insatiable desire to search for a mystifying something which we somehow instinctively know we need but have little or no idea where to even begin looking Concealed within this dilemma and even more perplexing lies the concept of our eternal soul This elemental but powerful you resides unacknowledged at the core of your very being while remaining seemingly silent as you journey in search of your ultimate happiness This subject alone has occupied the minds of philosophers throughout the ages but to be aware that we have another aspect to compliment our earthly existence is as intriguing as it is confusing To appreciate that each soul is but one half of its twin gives rise to an important insight into what motivates our need to do the things that we do or to search for what we feel driven to find This remarkable story tells of two people Ron and Janet who not only found each other in this lifetime but were also together in a previous and very dramatic lifetime while being caught up in the revolutionary war which ultimately gave birth to the USA of today Through following their experiences trials traumas and triumphs plus journeys into the afterlife you will learn more about not only how they discovered themselves to be twin souls but how important this whole subject is and what it means to you In trying to figure out what compels you to do the things that you do while making the choices that you do then having an appreciation of the twin soul that you are brings an extra dimension of clarity Through coming to know yourself better then this inevitably leads to discovering your path towards your greatest happiness while attracting and expressing the love which you so dearly wish

to experience along the way While reading an entertaining story you will find yourself being drawn in to a process which poses many questions about the life that we lead as well as what makes you who you are Combining real life experience with that of a fascinating journey into a world which we have virtually no understanding of then you will be led towards a greater appreciation of the love which is so important to you
