Technology-focused Acquisitions Jan Paul Stein, 2017-07-24 Technology focused acquisitions are an important complement to the firm's internal product development efforts There is considerable heterogeneity when comparing individual technology focused acquisitions especially with respect to acquisition timing and the deal value To resolve some of this heterogeneity the author introduces the novel distinction between performance and functionality focused acquisitions He characterizes this distinction based on a theoretical analysis a qualitative study and turns to a sample of acquisitions in the field of artificial intelligence for the quantitative study There are two key findings First performance focused acquisitions take place earlier in a target's life cycle than functionality focused ones Second the deal value is at a comparable stage in a target's life cycle higher for performance focused acquisitions This thesis is relevant for management scholars and managers alike Scholars learn about the implications of the distinction between performance and functionality focused acquisitions on markets for technology Managers gain insights into how this distinction may guide their strategic decision making

Business Communication Mary Ellen Guffey, 1996 Business Communication Process and Product introduces a unique teaching learning package that solves a major problem for instructors and students today It provides the atmosphere of an exciting real life business environment for business communication without sacrificing sound pedagogy This means that students experience the enrichment of real people and real business situations while at the same time learning a hands on process that they can carry with them to apply long after they leave the classroom Business Communication Process and Product takes students inside some of the country's best run and most respected organizations such as Liz Claiborne Ben Jerry's American Airlines Bank of America and Walt Disney Imagineering More importantly though it balances this exposure with a well developed and consistently applied process approach to communication Students need more than real business settings in which to frame their learning They need a process that outlines specific steps to follow in solving future communication problems a tangible strategy they can apply in their careers In addition to a process we provide ample products of that process
