The modern newspaper is the proving ground of history. To illustrate, let us suppose that our newspaper press as we know it today had existed in Shakespeare's time. Would there now be any controversy over the authorship of the world's greatest dramas? Could the staff photographer of a Sunday supplement as efficient as one of our present-day corps have snapped Mohammed in his tent, and a keen reporter of today's type questioned him as to his facts and data? Would not all of us now be Mohammedans, or Mohammed be forgot? Had such newspapers as ours followed Washington to Valley Forge and gone with him to meet Cornwallis, would the father of his country be most intimately remembered through the cherry tree episode? Consider the enlightenment which would have been thrown upon the pages of history had a corps of modern newspaper correspondents reported the meeting of John and the Barons at Runnymede, or accompanied Columbus on his voyages of discovery. Would not even Lincoln be more vivid in our minds and what we really know of him not so shrouded in anecdote and story? In Washington's time America became a Nation. In Lincoln's time our country was united and made one. In Wilson's time our Nation received recognition as the greatest of the world powers. It remained, however, for Wilson alone to reach the highest pinnacle of international prominence in the face of the pitiless cross-fires of today's newspaper press. Yet this inquisition, often more than cruel, was not without its constructive value for it has searched out every fact and established every truth beyond the successful attack of any future denial. This little volume, the first perhaps of its kind concerning any man or event, presents with no further word of its compilers a summary of Woodrow Wilson's Administration and Achievements, eight years of the world's greatest history taken entirely from the newspaper press. It contains not one statement that has not been accurately weighed in the critical scales of controversy. Its object is simply to present the truth and have this truth early in the field so that the political canard which was so shamelessly indulged in during the close of the Wilson Administration may

not be crystalized in the public mind and cloud for a time the glorious luster of his name It shall be as Maximilian Harden the keenest thinker of the defeated Germans said Only one conqueror s work will endure Wilson s thought Frank B Lord and James William Bryan A Record of Achievement; the First Ten Months of Woodrow Wilson's Administration, the Most Remarkable for Deeds in the Entire History of the Nation Anonymous,2021-09-10 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

National Party Organizations and Party Brands in American Politics Boris Heersink,2023 A new assessment on the role influence and limitations of the Democratic and Republican National Committees in American political development Scholars have long debated the role and importance of the Democratic and Republican National Committees in American politics In *National Party Organizations and Party Brands in American Politics* Boris Heersink identifies a core DNC and RNC role that has thus far been missed creating national party brands Drawing on extensive historical case studies and quantitative analysis Heersink argues that the DNC and RNC have consistently prioritized their role of using publicity to inform voters about their parties policies and priorities from the beginning of the twentieth century onwards Both committees invested heavily in political communication tools with the goal of shaping voters perceptions of their parties As Heersink shows the DNC and RNC often have considerable freedom in determining what type of brands to promote placing them in the center of major intra party debates in the twentieth century including Prohibition civil rights foreign affairs and economic policy Analytically rigorous and marshaling a vast body of research on US elections between 1912 and 2016 this book highlights how important national party organizations are in setting the agenda in American politics

Woodrow Wilson and the Roots of Modern Liberalism Ronald J. Pestritto,2005 Woodrow Wilson is best known for his service as the twenty eighth president of the United States and his influence on American foreign policy in the twentieth century and beyond Yet Wilson is equally important for his influence on how Americans think about their Constitution and principles of government *Woodrow Wilson and the Roots of Modern Liberalism* highlights Wilson s sharp departure from the traditional principles of American government most notably the Constitution Ronald J Pestritto persuasively argues that Wilson s unflinching criticism places him clearly in line with the Progressives assault on the original principles of American constitutionalism Drawing primarily from early writings and speeches that Wilson made during his years as a scholar Pestritto examines the future president s clear and consistent ideologies that laid the

foundation for later actions taken as a public leader Engaging and thought provoking Woodrow Wilson and the Roots of Modern Liberalism gets to the heart of Wilson s political ideologies and brings a fresh perspective to the study of American political development **Woodrow Wilson: Youth, 1856-1890** Ray Stannard Baker,1927 **Woodrow Wilson Centennial** United States.
