Objects and Databases Klaus R. Dittrich, Giovanna Guerrini, Isabella Merlo, Marta Oliva, M. Elena Rodriguez, 2003-06-29 These post proceedings contain the revised versions of the papers presented at the Symposium on Objects and Databases which was held in Sophia Antipolis France June 13 2000 in conjunction with the Fourteenth European Conference on Object Oriented Programming ECOOP 2000 This event continued the tradition established the year before in Lisbon Portugal with the First Workshop on Object Oriented Databases The goal of the symposium was to bring together researchers working in various corners of the field of objects and databases to discuss the current state of research in the field and to critically evaluate existing solutions in terms of their current usage their successes and limitations and their potential for new applications The

organizing committee received 21 papers which were reviewed by a program committee of people active in the field of objects and databases. There were 3 reviews for each paper and finally the organizing committee selected 9 long papers, 2 short papers and a demonstration to be presented and discussed at the symposium. The selected papers cover a wide spectrum of topics including data modeling concepts, persistent object languages, consistency and integrity of persistent data storage structures, class versioning and schema evolution, query languages and temporal object-oriented databases. In addition to the regular papers, the symposium included an invited presentation given by Prof. Malcolm Atkinson from the University of Glasgow, Scotland, where he heads the Persistence and Distribution Group.
