Jerome Ch'en, Nicholas Tarling

Southern And Eastern Asia Unit Test:

Finance, Governance and Economic Performance in Pacific and South East Asia David G. Dickinson, J.L. Ford, the late M.J. Fry, Andrew W. Mullineux, S. Sen, 2000-01-01 this is an interesting and valuable collection of papers that addresses a highly topical area of research The quality of writing is high in the main and the econometric methodology and models transparent The appendices to many of the empirical chapters provide detailed information about data sources as well as model results The book should be required reading for researchers and graduate students in this field and the review papers provide valuable teaching material It will be especially useful for those concerned with the contribution of governance structures to economic performance financial crises and the still disputed relationship between growth and financial liberalization Jenifer Piesse Asia Pacific Business Review Finance Governance and Economic Performance in Pacific and South East Asia focuses on key aspects of government policy financial systems and their links to the economic miracle in Pacific and South East Asia It also considers the financial crises that have affected those economies and their economic progress The contributors examine the success of governance in the form of government involvement with the macroeconomy and with the deregulation of markets in general Attention is drawn not only to the need for further liberalisation but also the need to introduce regulatory structures to produce orderly markets
