disappearances often around the time of such attacks It is then that she realizes the mystery and intensity at the heart of their relationship could be hiding much more than she'd thought Mishka disappears again the next day and doubt erodes Leela's love as she embarks on her own investigation to find him and unravel the mystery of his life Little does she know that her search will lead her across the globe and into an underworld of kidnapping torture and despair With this compelling reimagining of the Orpheus story Janette Turner Hospital again shows her genius interweaving a literary thriller with a story of passion and the triumph of decency in confusing and dangerous times It is at once a love story on a grand scale that spans America Australia and the Middle East and an exploration of how ghastly side effects of terrorism can wreak havoc on individual lives
