

## Occupational Therapy / Constructed Supports Checklist

Student's Name: \_\_\_\_\_

Date: \_\_\_\_\_

Teacher's Name: \_\_\_\_\_

Class: \_\_\_\_\_

Use the below checklist to structure observation and teacher collaboration to identify possible constructed supports or barriers to a student's occupational performance.

**1. Environmental Factors:** are aspects of the physical, social, and structural surroundings in the school environment

| <b>Physical Environment</b>                                                                                                                                      | <b>YES</b> | <b>NO</b> | <b>Barrier</b> | <b>Partial</b> |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------|-----------|----------------|----------------|
| <b>Population:</b> The population of students/teachers in the classroom is stimulating but not overstimulating.                                                  |            |           |                |                |
| <b>Use of Space/ Organization:</b> Classroom environment is well organized and uncluttered.                                                                      |            |           |                |                |
| <b>Visual Stimulation:</b> The environment offers some visual stimulation but not overstimulating. 20% off the wall space is unobstructed.                       |            |           |                |                |
| <b>Light:</b> The quality and intensity of classroom light is adequate with natural light, and without glare from fluorescent lighting, note if covers are used. |            |           |                |                |
| <b>Sound:</b> Classroom activities are supportive to learning, no excessive hearing or noise from adjacent rooms.                                                |            |           |                |                |
| <b>Air quality:</b> There is appropriate air circulation/temperature.                                                                                            |            |           |                |                |
| <b>Temporal Aspects:</b> The classroom/ student daily schedule is viable and accurate.                                                                           |            |           |                |                |
| <b>Supplies:</b> School supplies are accessible and appropriate to the student.                                                                                  |            |           |                |                |
| <b>Seating:</b> Desk/Chair is appropriate height and in functional location for the student.                                                                     |            |           |                |                |
| <b>Technology:</b> Smart board / computer / technology is accessible and in a functional location.                                                               |            |           |                |                |
| <b>Flexibility:</b> Flexible seating options available in the classroom.                                                                                         |            |           |                |                |
| <b>Social Environment: Support and Relationships</b>                                                                                                             | <b>YES</b> | <b>NO</b> | <b>Barrier</b> | <b>Partial</b> |
| Immediate and extended family are supportive and educated about diagnosis.                                                                                       |            |           |                |                |
| Student identifies friends in the class and is generally accepted by peers.                                                                                      |            |           |                |                |
| The teacher is familiar, supportive, and educated about diagnosis and impact on performance.                                                                     |            |           |                |                |
| TA/ support staff educated about ADHD diagnosis?                                                                                                                 |            |           |                |                |
| Classroom peers? Student able to interact safely.                                                                                                                |            |           |                |                |
| <b>Academic: Appropriate synthesis of content, values, norms, beliefs held by people other than the student.</b>                                                 | <b>YES</b> | <b>NO</b> | <b>Barrier</b> | <b>Partial</b> |
| Teacher's teaching style matches learner's needs.                                                                                                                |            |           |                |                |
| Students primary learning style is congruent with classroom teacher.                                                                                             |            |           |                |                |
| The student can understand social norms.                                                                                                                         |            |           |                |                |
| The student has access to needed support services. (PT, Speech, Counseling, RR)                                                                                  |            |           |                |                |
| The classroom follows PBIS or a whole class behavioral plan.                                                                                                     |            |           |                |                |
| The classroom practices support the student's participation. (2 partial marks)                                                                                   |            |           |                |                |

## **Work Interest Checklist Occupational Therapy:**

*Occupational Therapy for Physical Dysfunction* Mary Vining Radomski, Catherine A. Trombly Latham, 2008 The definitive work on occupational therapy for physical dysfunction returns in its Sixth Edition with reputable co editors and clinical academic and consumer contributors This text provides a current and well rounded view of the field from theoretical rationale to evaluation treatment and follow up Through the Occupational Functioning Model OFM the Sixth Edition continues to emphasize the conceptual foundation and scientific basis for practice including evidence to support the selection of appropriate assessments and interventions NEW TO THIS EDITION Student DVD with video clips demonstrating range of motion manual muscle testing construction of hand splints and transferring patients Evidence Tables summarize the evidence behind key topics and cover Intervention Participants Dosage Type of Best Evidence Level of Evidence Benefit Statistical Probability and Reference Assessment Tables summarize key assessment tools and cover Instrument and Reference Description Time to Administer Validity Reliability Sensitivity and Strengths and Weaknesses *Occupational Therapy Evaluation for Adults* Kerryellen Vroman, Elizabeth Stewart, 2013-11-18 Fully revised to reflect the latest AOTA standards Occupational Therapy Evaluation for Adults A Pocket Guide 2nd Edition is a quick comprehensive reference to guide students and practitioners as they perform efficient evaluations of adults identify problems and plan and implement interventions to produce optimal therapeutic outcomes Clinical examples illustrate the application of content illustrations demonstrate assessment techniques and extensive tables capture information in an easy to read manner This completely revised and updated Second Edition covers a wide range of new assessments and tools for community based practitioners includes up to coverage of assessing clients in natural settings and offers a strong focus on helping readers develop practical skills for the workplace **Occupational Therapy and Mental Health** Jennifer Creek, Lesley Lougher, 2011-11-29 This book is a comprehensive textbook for occupational therapy students and occupational therapists working in the field of mental health It presents different theories and approaches outlines the occupational therapy process discusses the context of practice and describes a wide range of techniques used by occupational therapists These include physical activity cognitive approaches group work creative activities play and life skills The book covers all areas of practice in the field including mental health promotion acute psychiatry community work severe and enduring mental illness working with older people child and adolescent mental health forensic occupational therapy substance misuse and working with people on the margins of society The theory chapters are written by occupational therapists who are recognised experts in their fields and the applied chapters are written by practitioners An innovation in this edition is the inclusion of commentaries by service users on some of the chapters This fourth edition has been extensively revised and updated The new structure reflects changes in service delivery and includes sections on philosophy and theory base the occupational therapy process ensuring quality the context of occupational therapy occupations client groups Important new areas that are covered include mental

health promotion evidence based practice community development and continuing professional development Addresses the needs of the undergraduate course covers all the student needs for this subject area in one volume Links between theory and practice are reinforced throughout Written by a team of experienced OT teachers and practitioners Comprehensive covers theory skills and applications as well as management The clear structure with the division of chapters into six distinct sections makes it easy to learn and revise from as well as easy to refer to for quick reference in the clinical situation Provides key reading and reference lists to encourage and facilitate more in depth study on any aspect It is written in a style that is easy to read and understand yet there is enough depth to take students through to their final year of education Chapters on the application of occupational therapy are written by practising clinicians so they are up to date and realistic For qualified occupational therapists the book includes a review of current theories and approaches to practice with references so that they can follow up topics of particular interest Suitable for BSc and BSc Hons occupational therapy courses

**Psychosocial Conceptual Practice Models in Occupational Therapy** Moses N. Ikiugu, Elizabeth A.

Ciaravino, 2007-01-01 This book examines the occupational therapy paradigm its focal viewpoint core constructs and values as well as the role of complexity chaos theory as a scientific framework for occupational therapy research and practice Unlike other current OT texts this book uses clinical case examples to illustrate application of proposed changes to make procedures consistent with the latest Occupational Therapy Practice Framework The reader walks away with a clear grasp of the theoretical principles guiding his or her treatment interventions the explanations behind those principles and the applicable intervention for said techniques and procedures An emphasis on clinical reasoning skills including information on different types of reasoning skills as well as the MAPP model of teaching helps the student and clinician translate theoretical principles into practice The section on specific interventions addresses each of the conceptual practice models according to a consistent chapter template which enables the reader to apply conceptual practice models in real world contexts Preview questions at the beginning of each chapter alert the reader to important concepts in the upcoming text Critical analysis of the theoretical core provides suggested modifications to increase consistency with the new occupational therapy paradigm

Occupational Therapy Examination Review Guide Caryn R Johnson, Tina DeAngelis, Mary Muhlenhaupt, 2015-05-27 Rely on the guide that has helped thousands of students pass their exams with exactly the practice they need The 4th Edition mirrors the latest NBCOT exam blueprint and the question formats multiple choice and simulation at the difficulty level and in the decision making style of the actual exam More than 1 000 questions in five practice exams help you identify your strengths and weaknesses while you improve your test taking performance Preparing for the Occupational Therapy National Board Exam: 45 Days and Counting Rosanne DiZazzo-Miller, Fredrick D. Pociask, Tia Hughes, 2016-10-14 Preparing for the Occupational Therapy National Board Exam 45 Days and Counting Second Edition is a comprehensive overview for occupational therapist students preparing to take the National Board for Certification in Occupational Therapy NBCOT OTR

exam It utilizes a well received health and wellness focus and includes tips and self assessment forms to develop effective study habits Unlike other OTR examination review guides this text chooses to provide a more structured and holistic approach including a detailed calendar and plan of study for the 45 days leading up to the exam

**The Occupational Therapy Handbook: Practice Education** Tracey Polglase, Rachel Treseder, 2012 Written specifically for occupational therapy students newly qualified occupational therapists and educators and is a useful reference guide for academic tutors The Occupational Therapy Handbook reflects modern day occupational therapy practice and education The editors have created a current user friendly text book specifically in relation to Practice Education particularly in light of the developing role of occupational therapy in current practice Many developments in practice education have refocused the value that the profession places on occupation particularly in role emerging placements and expanding areas of practice These developments are captured in this text Other texts that have been produced have predominantly had a multi professional focus and not addressed all the key occupational therapy issues in the depth required There is always something to learn irrespective of your level of expertise

**A Guide to the Formulation of Plans and Goals in Occupational Therapy** Sue Parkinson, Rob Brooks, 2020-11-29 This practical guide for occupational therapists introduces a tried and tested method for moving from assessment to intervention by formulating plans and measurable goals using the influential Model of Human Occupation MOHO Section 1 introduces the concept of formulation where it comes from what it involves why it is important and how assessment information can be guided by theoretical frameworks and organised into a flowing narrative Section 2 provides specific instructions for constructing occupational formulations using the Model of Human Occupation In addition a radically new way for creating aspirational goals is introduced based on a simple acronym which will enable occupational therapists to measure sustained changes rather than single actions Section 3 presents 20 example occupational formulations and goals from a wide range of mental health physical health and learning disability settings as well as a prison service and services for homeless people and asylum seekers Designed for practising occupational therapists and occupational students this is an essential introduction for all those who are looking for an effective way to formulate plans and goals based on the Model of Human Occupation

**Elder Care in Occupational Therapy** Sandra Cutler Lewis, 2003 Elder Care in Occupational Therapy has been extensively revised into a new and completely updated second edition This pragmatic text presents up to date information in a user friendly format that seamlessly flows from one subject to the next From wellness to hospice Elder Care in Occupational Therapy Second Edition offers a broad yet detailed discussion of occupational therapy practice that is devoted to older adults A wide variety of topics are covered in a concise format such as historical perspectives theoretical insights the aging process and current interventional strategies to name a few Twenty informative appendices are also included that clarify issues such as Medicare coverage community and clinical living arrangements client centered practice exercise programs evidence based practice and a summary of the newly adopted Occupational Therapy

Practice Framework Domain and Process Additional features Contains information about the most advanced scientific achievements that can ultimately affect occupational therapy Lists new and updated resource materials Presents case studies that provide theoretical considerations and Intervention methods Clearly discusses exciting and new venues for occupational therapy programming Explains fundamentals of documentation and current reimbursement issues Perfect for the student or clinician Elder Care in Occupational Therapy Second Edition provides classic professional information on theory disease entities and intervention in a comprehensive format

### **Occupational Therapy Essentials for Clinical Competence**

Karen Sladyk, Karen Jacobs, Nancy MacRae, 2010 This text begins by linking the ACOTE Accreditation Standards with current practice in chapters for students and educators and sets the stage with two foundational concepts vital to the study of occupation flow and culture It presents a summary of interconnected constructs that define and direct occupational therapy practice Inside are included Basic tenets of occupational therapy Occupational therapy theoretical perspectives Screening evaluation and referral Formulation and implementation of an intervention plan Context of service delivery Context of delivery service Management of occupational therapy services Professional ethics values and responsibilities Culture and its role in occupational choice and performance It also includes student activities at the end of each chapter as well as on line material that consists of multiple choice questions chapter objectives teacher activities and PowerPoint slides Some additional features Include Examples as viewed and analyzed from multiple perspectives Evidence based practice reviews that provide a starting point to have each topic explored in depth Evaluation of the mastery of application and self assessment exercises Integration throughout the text of Occupational Therapy Practice Framework Domain and Process Second Edition The text overall incorporates adult learning theory as its basis to assist in establishing cognitive interest using the organization format of grouping concepts together to reinforce and facilitate learning

*Foundations for Practice in Occupational Therapy - E-BOOK* Edward A. S. Duncan, 2011-04-15 Now in its fifth edition the internationally acclaimed Foundations for Practice in Occupational Therapy continues to provide a practical reference tool which is both an indispensable guide to undergraduates and a practical reference tool for clinicians in the application of models and theories to practice Underlining the importance and clinical relevance of theory to practice the text provides an excellent introduction to the theoretical basis of occupational therapy Contributions are given by both academics and expert clinicians All chapters have been revised and updated new ones have been written and some pre existing chapters have new authors A refined structure uses highlight boxes to indicate the key themes and issues of each chapter and useful reflective questions to help the reader review the issues raised in the chapter Discusses evidence based practices and established theories but also includes contemporary developments Range of expert contributors provide an international perspective of practice Case studies highlighting the application of theory to practice Details of the latest developments and debates in the field 2 chapters on the PEOP model and community based rehabilitation Highlight boxes throughout indicating key themes issues

Reflective questions at the end of each chapter      *Fundamentals of Occupational Therapy* Bernadette Hattjar, 2024-06-01

*Fundamentals of Occupational Therapy An Introduction to the Profession* is a comprehensive introductory text that provides first year students with foundational knowledge of occupational therapy as a profession and the construct of occupation. Due to the broadness of the profession, this text identifies basic concepts and areas to novice students and helps inform them of the topics and components they will come across later in their studies. Inside the text, Dr. Bernadette Hattjar provides a general introduction, the historical development of the profession, and a basic review of the three major employment areas: physical disabilities, pediatrics, and psychosocial occupational therapy. It also covers the topics of theoretical constructs, legislative and political influences on the profession, the use of adaptive devices in concert with major client groups, and the identification of influential professional individuals. *Fundamentals of Occupational Therapy* analyzes the historical foundation, philosophical assumptions, ethical issues, core concepts, theories, models, and frames of reference that have shaped the profession of occupational therapy. *Fundamentals of Occupational Therapy An Introduction to the Profession* will provide entry level occupational therapy and occupational therapy assistant students with the information and tools they need to better understand, synthesize, and integrate the diverse elements of the profession into professional level courses where in-depth understanding of these basic concepts occur in education programs.      *Handbook of Occupational Therapy for Adults with Physical Disabilities* William Sit, Marsha Neville, 2024-06-01

*Handbook of Occupational Therapy for Adults With Physical Disabilities* by Drs. William Sit and Marsha Neville provides quick and essential information for occupational therapists that are new to the adult practice setting. This handbook is primarily organized by body system into six sections: Occupational performance as a whole, Central nervous system, Peripheral nervous system, cranial nerves and sensory system, Musculoskeletal system, Cardiovascular, lymphatic, respiratory, and integumentary systems, Endocrine, digestive, urinary, and reproductive system. At the beginning of each section, you will find a case study based on clinical experience that embodies the chapter subject. Within each section, information is broken down into important aspects of the evaluation process and then followed by the implications of each system on occupational therapy intervention. *Handbook of Occupational Therapy for Adults With Physical Disabilities* also includes a summary chart where readers can quickly and easily find the purpose, context, form, cost, and contact information for each assessment. *Handbook of Occupational Therapy for Adults With Physical Disabilities* is ideal for occupational therapy students, recent graduates, and practitioners who are newly entering an adult physical disability practice setting.      ***Handbook for Staff Physicians*** National Institutes of Health (U.S.). Clinical Center, 1983

***Creek's Occupational Therapy and Mental Health E-Book*** Wendy Bryant, Jon Fieldhouse, Nicola Plastow, 2022-05-28

Promoting and maintaining mental health continues to be a key challenge in the world today. *Creek's Occupational Therapy and Mental Health* is essential reading for students and practitioners across a wide range of health professions, capturing contemporary practice in mental health settings. Now fully updated in its sixth edition, it retains the

clarity and scholarship associated with the renowned occupational therapist Jennifer Creek while delivering new knowledge in a fresh perspective Here readers can find everything they need on mental health for learning practice and continuing professional development Complex topics are presented in an accessible and concise style without being oversimplified aided by summaries case studies and questions that prompt critical reflection The text has been carefully authored and edited by expert international educators and practitioners of occupational therapy as well as a diverse range of other backgrounds Service users have also co authored chapters and commentaries Evidence based links between theory and practice are reinforced throughout This popular title will be an indispensable staple that OTs will keep and refer to time and again Relevant to practice outlines a variety of therapeutic interventions and discusses the implications of a wide range of contexts New chapters on eating disorders cognitive learning based approaches and being a therapist Extended service user commentaries Expanded scope to accommodate diverse psychosocial perspectives and culturally sensitive practices New questions for readers in every chapter Key reading and reference lists to encourage and facilitate in depth study     *A Model of Human Occupation* ,2002 Presenting the new edition of the text that delivers the most widely used and developed conceptual model in occupational therapy Beautifully redesigned and fully revised the Third Edition of *A Model of Human Occupation* MOHO delivers the latest in human occupation research and application to practice New to this edition a reader friendly format with second color and additional illustrations and anecdotes more case examples for integrating the model into practice a discussion of the therapy process and how change occurs language linked to UT and ICIDH 2 terminology a research chapter and numerous research references highlighting the growing body of evidence supporting MOHO
