Worker Recommendation Letter Manual Labor:

Workers in the Metropolis Richard B. Stott, 2019-06-30 The working class in New York City was remade in the mid nineteenth century In the 1820s a substantial majority of city artisans were native born by the 1850s three quarters of the city s laboring men and women were immigrants How did the influx of this large group of young adults affect the city s working class What determined the texture of working class life during the antebellum period Richard Stott addresses these questions as he explores the social and economic dimensions of working class culture Working class culture Stott maintains is grounded in the material environment and when work population consumption and the uses of urban space change as rapidly as they did in the mid nineteenth century culture will be transformed Using workers first person accounts letters diaries and reminiscences as evidence and focusing on such diverse topics as neighborhoods diet saloons and dialect he traces the rise of a new youth oriented working class culture By illuminating the everyday experiences of city workers he shows that the culture emerging in the 1850s was a culture clearly different from that of native born artisans of an earlier period and from that of the middle class as well

Mexican Women and the Other Side of Immigration Luz María Gordillo, 2010-06-15 Weaving narratives with gendered analysis and historiography of Mexicans in the Midwest Mexican Women and the Other Side of Immigration examines the unique transnational community created between San Ignacio Cerro Gordo Jalisco and Detroit Michigan in the last three decades of the twentieth century asserting that both the community of origin and the receiving community are integral to an immigrant's everyday life though the manifestations of this are rife with contradictions Exploring the challenges faced by this population since the inception of the Bracero Program in 1942 in constantly re-creating adapting accommodating shaping and creating new meanings of their environments Luz María Gordillo emphasizes the gender specific aspects of these situations While other studies of Mexican transnational identity focus on social institutions Gordillo's work introduces the concept of transnational sexualities particularly the social construction of working class sexuality Her findings indicate that many female San Ignacians shattered stereotypes transgressing traditionally male roles while their husbands lived abroad When the women themselves immigrated as well these transgressions facilitated their adaptation in Detroit Placed within the larger context of globalization Mexican Women and the Other Side of Immigration is a timely excavation of oral histories archival documents and the remnants of three decades of memory
