law depends on how it is used Furthermore the appeal to artifacts brings to the fore questions about the significance of concepts for the existence of law and makes available new tools for legal interpretation The notion of artifactuality offers a starting point from which to approach the basic dilemma of whether it is meaningful to search for essential necessary and sufficient features of law a question that in current legal theory is put when deciding what kind of enterprise legal theory is from a methodological point of view namely whether it is descriptive or prescriptive This volume unearths insights and observations of value to all those looking to deepen their understanding of how the law is understood and experienced
