wide variety of topics including Bentham's plural Panopticons and their elaboration of schemes of panoptic Utopia the inverted Panopticon panoptic governance political panopticism and legal panopticism French studies on the Panopticon are groundbreaking and this book brings this research to an English speaking audience for the first time It is essential reading not only for those studying Bentham and Foucault but also those with an interest in intellectual history of the eighteenth and nineteenth centuries and those studying contemporary surveillance and society Prison Information Bulletin ,1983
