Vitis Vinifera Provings Of Vine:

Vitis Vinifera - Provings of Vine Peter Konig, Gerda Dauz, Jürgen Weiland, 2014-12-16 Vitis vinifera is one of those minor homeopathic remedies which has been somewhat under used in the shadow of much better known remedies with a larger sphere of action. However one could assume it would have a larger sphere of action not least because of its cultural and historical significance as a noble companion throughout the evolution of human kind in addition to symbol of peace and prosperity. The grapevine is also one of the prominent cultivated plants of both Burgenland and Rhineland contributing to the shaping of their landscapes. It was in these habitats in which the Vitis provings were analysed, evaluated and processed.

Wine and the Vine Tim Unwin, 2005-07-12 Very few books have products as diverse as those of the grape vine even fewer have products with such a cultural significance. Wine and the Vine provides an introduction to the historical geography of viticulture and the wine trade from prehistory to the present. It considers wine as both a unique expression of the interaction of people in a particular environment rich in symbol and meaning and a commercial product of great economic importance to particular regions.

Wine and the Vine P. T. H. Unwin, 1996 Wine and the Vine provides an introduction to the historical geography of viticulture and the wine trade from prehistory to the present. Throughout the rich symbolic and cultural significance of wine is related to its evolution as a commercial product. The book thus discusses both the numerous symbolic roles assigned to wine and the vine by people of different religions and also the internationalisation of wine production and marketing.

El Vino Y la Viña P. T. H. Unwin, 1991 Provides an introduction to the historical geography of viticulture and the wine trade from prehistory to the present considering wine as a symbol rich in meaning and a commercial product of great economic importance to specific regions.

The Wines of Canada John Schreiner, 2005-05-12 Written by an award winning writer this is a reference to Canada's wine producing regions, the grape varieties, producers and their wines. The core of the book includes comprehensive details of the estates as well as information about exciting projects and a discussion on developments in Canada's wine industry. The book also covers the range of internationally recognized Icewines.

Cornell Plantations Magazine, 1997 **American Winescapes** Gary L Peters, 2018-02-12 Winescapes are unique agricultural landscapes that are shaped by the presence of vineyards, winemaking activities and the wineries where wines are produced and stored. Where viticulture is successful it transforms the local landscape into a combination of agriculture, industry and tourism. This book demystifies viticulture in a way that helps the reader understand the environmental and economic conditions necessary in the art and practice of wine making. Distinctive characteristics of the book include a detailed discussion of more than thirty grape cultivars, an overview of wine regions around the country and a survey of wine publications and festivals. Peters discusses the major environmental conditions affecting viticulture, especially weather and climate, and outlines the special problems the industry faces from lack of capital, competition and changing public tastes.

New York State Fodor's, 2004-10 Presents information on points of interest, accommodations, restaurants, nightlife, outdoor

activities and shopping in New York State From Vines to Wines in Classical Rome David L. Thurmond,2016-12-05 David L. Thurmond's *From Vines to Wines in Classical Rome* is the first general handbook on winemaking in Rome in over 100 years. In this work, Thurmond surveys the biology of the vine, the protohistory, history, viticulture, winemaking, distribution, and modes of consumption of wine in classical Rome. He uses a close reading of the relevant Latin texts along with a careful survey of relevant archaeology and comparative practices from modern viticulture and oenology to elucidate this essential element of Roman culture.

Around the World in Eighty Wines Mike Veseth,2017-11-01 Inspired by Jules Verne's classic adventure tale, celebrated editor in chief of *The Wine Economist*, Mike Veseth takes his readers *Around the World in Eighty Wines*. The journey starts in London, Phileas Fogg's home base, and follows Fogg's itinerary to France and Italy before veering off in search of compelling wine stories in Syria, Georgia, and Lebanon. Every glass of wine tells a story, and so each of the eighty wines must tell an important tale. We head back across Northern Africa to Algeria, once the world's leading wine exporter, before hopping across the sea to Spain and Portugal. We follow Portuguese trade routes to Madeira and then South Africa, with a short detour to taste Kenya's most famous Pinot Noir. Kenya Pinot Noir Really? The route loops around, visiting Bali, Thailand, and India, before heading north to China to visit Shangri-La. Shangri-La does that even exist? It does, and there is wine there. Then it is off to Australia, with a detour in Tasmania, which is so cool that it is hot. The stars of the Southern Cross and the title of a familiar song guide us to New Zealand, Chile, and Argentina. We ride a wine train in California and rendezvous with Planet Riesling in Seattle before getting into fast cars for a race across North America, collecting more wine as we go. Pause for lunch in Virginia to honor Thomas Jefferson, then it's time to jet back to London to tally our wines and see what we have learned. Why these particular places? What are the eighty wines, and what do they reveal? And what is the surprise plot twist that guarantees a happy ending for every wine lover? Come with us on a journey of discovery that will inspire, inform, and entertain anyone who loves travel, adventure, or wine.

Culinary History of the Finger Lakes Dr. Laura Winter Falk, 2025-03-18 This popular history, recipe, and wine pairing book has been fully revised, enhanced, and updated. Dive deeper into the traditional cooking and culture of the Haudenosaunee, the first people of the Finger Lakes region. Learn how this unique region was once teeming with salmon and why they no longer breed here. Uncover the speakeasy culture that prospered during Prohibition. Local author, sommelier, and educator Laura Winter Falk reveals new regional chefs and their creative takes on period recipes, as well as the tremendous growth in the area's wine and craft beverages movement. With more excellent producers, restaurants, and markets committed to showcasing the bounty of the region, there has never been a better time to discover the unique flavor of the Finger Lakes.
