Videotape Oana Godeanu-Kenworthy,2025-09-04 Object Lessons is a series of short beautifully designed books about the hidden lives of ordinary things Over the span of a single decade VHS technology changed the relationship between privacy and entertainment pried open the closed societies behind the Iron Curtain and then sank back into oblivion Its meteoric rise and fall encapsulated the dynamics of the 80s and foreshadowed the seismic cultural shifts to come after the Cold War In the West its advent deepened the trends of the age individualism consumerism the fragmentation of society and the consolidation of corporate power in the entertainment industry and its victory over the regulatory powers of the state In the East it encouraged new forms of socialization and economic exchanges while announcing the gradual crumbling of government control over the imagination of the people By the mid 1990s the VHS format was displaced by the DVD The DVD would eventually give way to streaming Yet the cultural legacy of the videotape continues to inform our relationship to technology privacy and to entertainment

Terror's Aftermath Daniel McEnnis,2015-09-16 Terror s Aftermath describes the United States post Bush administration as over a dozen power groups vie for control and influence woven through a memoir of the author The only given is that no one is really in control Terror s Aftermath Silicon Valley Gracenote starts with the author starting at Gracenote with help from the Traditional Military Faction in California in June 2011 escaping the Men in Black faction in Ohio The author disillusioned after the past two years is in a truce with the Neoconservative Military Faction but the Men in Black Faction are ignoring it The intrigue intensifies when the Neoconservative Military escalate the conflict in June 2012 to fire the author breaking the truce leading to heightened espionage and faction warfare for another 11 months

when the author is finally fired from Gracenote Television & Cable Factbook ,2001 **The Work of Nations** Robert B. Reich,1992-02-04 There is no longer such a thing as an American economy say Robert Reich at the beginning of this brilliant book What does it mean to be a nation when money goods and services know no borders What skills will be the most valuable in the coming century And how can our country best ensure that all its citizen have a share in the new global economy Robert B Reich the widely respected and bestselling author of *The Next American Frontier* and *The Resurgent Liberal* defines the real challenge facing the United States in the 21st century in this trail blazing book Original readable and vastly informed *The Work of Nations* is certain to set a standard for the next generation of policy makers *Big Media, Big Money* Ronald V. Bettig,Jeanne Lynn Hall,2012-05-04 *Big Media Big Money* is a lively and scathing critique of the contemporary communications industry examining how media ownership and the profit making motive affect the messages we receive in alarming ways Through close readings of recent news events and critical examination of corporate influence Bettig and Hall conclude that current interconnections among media big business government and education pose a serious threat to democratic communications The second edition includes three new chapters covering the contemporary Hollywood film industry the changing landscape of the music industry and ad creep the proliferation of advertising into previously ad free venues such as schools and children s television programming *Dark Forces at Work* Cynthia J. Miller,A. Bowdoin Van Riper,2019-11-06 *Dark Forces at Work* examines the role of race class gender religion and the economy as they are portrayed in and help construct horror narratives across a range of films and eras These larger social forces not only create the context for our cinematic horrors but serve as connective tissue between fantasy and lived reality as well While several of the essays focus on name horror films such as *IT* *Get Out* *Hellraiser* and *Don t Breathe* the collection also features essays focused on horror films produced in Asia Europe and Latin America and on American classic thrillers such as Alfred Hitchcock s *Psycho* Key social issues addressed include the war on terror poverty the housing crisis and the Time s Up movement The volume grounds its analysis in the films rather than theory in order to explore the ways in which institutions identities and ideologies work within the horror genre **Censored 2003** Peter Phillips,Project Censored,2011-01-04 The yearly volumes of *Censored* in continuous publication since 1976 and since 1995 available through Seven Stories Press is dedicated to the stories that ought to be top features on the nightly news but that are missing because of media bias and self censorship The top stories are listed democratically in order of importance according to students faculty and a national panel of judges Each of the top stories is presented at length alongside updates from the investigative reporters who broke the stories Design for Life Stuart Walker,2017-04-21 Stuart Walker s design work has been described as life changing inspiring disturbing and ferocious Drawing on an extraordinarily diverse range of sources and informed by creative practice *Design for Life* penetrates to the heart of modern culture and the malaise that underlies today s moral and environmental crises The author argues that this malaise is deep seated and fundamental to the modern outlook He shows how our preoccupation with

technological progress growth and the future has produced a constricted view of life one that is both destructive and self reinforcing Based on over twenty five years of scholarship and creative practice he demonstrates the vital importance of solitude contemplation inner growth and the present moment in developing a different course one that looks squarely at our current precarious situation while offering a positive hopeful way forward a way that is compassionate context based human scale ethically motivated and critically creative Design for Life is an intensely original contribution that will be essential reading for design practitioners and students Written in a clear accessible style it will also appeal to a broader readership especially anyone who is concerned with contemporary society s rising inequalities and environmental failings and is looking for a more constructive balanced and thoughtful direction Focus On: 100 Most Popular Television Series by Universal

Television Wikipedia contributors, **Commercial Culture** Leo Bogart, 2017-09-29 American mass media are the world s most diverse rich and free Their dazzling resources variety and influence arouse envy in other countries Their failures are commonly excused on the grounds that they are creatures of the market that they give people what they want Commercial Culture focuses not on the glories of the media but on what is wrong with them and why and how they may be made better This powerful critique of American mass communication highlights four trends that sound an urgent call for reform the blurring of distinctions among traditional media and between individual and mass communication the increasing concentration of media control in a disturbingly small number of powerful organizations the shift from advertisers to consumers as the source of media revenues and the growing confusion of information and entertainment of the real and the imaginary The future direction of the media Leo Bogart contends should not be left to market forces alone He shows how the public s appetite for media differs from other demands the market is left to satisfy because of how profoundly the media shape the public s character and values Bogart concludes that a world of new communications technology requires a coherent national media policy respectful of the American tradition of free expression and subject to vigorous public scrutiny and debate Commercial Culture is a comprehensive analysis of the media as they evolve in a technological age It will appeal to general readers interested in mass communications as well as professionals and scholars studying American mass media

Video and DVD Industries Paul McDonald, 2019-07-25 When the videocassette recorder was launched on the consumer market in the mid 1970s it transformed home entertainment Bringing together complementary but also competing interests from the consumer electronics industry and the film television and other copyright industries video created a new sector of media business Two decades later DVD reinvented video media for the digital age DVD provided consumers with an innovative form of entertainment technology and almost instantaneously became the catalyst for a huge boom in the video market Although the VCR and DVD created major markets for video hardware and software the video business has been continually shaped by industry conflicts and tensions Repeatedly the video market has become divided when faced with the introduction of competing formats Easy reproduction of films and other works on cassette or disc made video software a

lucrative market for the copyright industries but also intensified struggles to combat the effects of commercial piracy Video and DVD Industries examines the business of video entertainment and provides the first study looking at DVD from an industrial perspective Detailing divisions in the video business the book outlines industry battles over incompatible formats from the Betamax VHS war to competing laserdisc systems alternatives such as video compact disc or Digital Video Express and the introduction of HDDVD and Blu ray high definition systems Chapters also look at the formation of international markets in the globalization of video media the contradictory responses of the Hollywood studios to video and DVD and the legal and technological measures taken to control industrialized video piracy **The Federal Reporter** ,1986 *The Power of Point-of-Purchase Advertising* Robert Liljenwall,2004-03

combining chemistry and protein engineering for new to nature biocatalysis - Jun 10 2023

web jan 12 2022 biocatalysis the application of enzymes to solve synthetic problems of human import has blossomed into a powerful technology for chemical innovation

nanobiocatalysts advancements and applications in enzyme technology - Oct 02 2022

web oct 1 2021 nanobiocatalysts are one of the most promising biomaterials produced by synergistically integrating advanced biotechnology and nanotechnology these have a lot of potential to improve enzyme stability function efficiency nanobiotechnology has recently developed a plethora of nanoscale carriers that could be used to immobilize enzymes

pdf biocatalysts and enzyme technology researchgate - Dec 04 2022

web jan 1 2005 among the main advantages of the biotechnological processes compared to well established chemical processes are lower energy demand increased product titer increased catalyst efficiency less

biocatalysis enzyme engineering and biotechnology - Nov 03 2022

web apr 26 2012 enzymes are biocatalysts evolved in nature to achieve the speed and coordination of nearly all the chemical reactions that define cellular metabolism necessary to develop and maintain life the application of biocatalysis is growing rapidly since enzymes offer potential for many exciting applications in industry

the joint effort of enzyme technology and flow chemistry to bring - Mar 27 2022

web nov 7 2023 biocatalysis which has been promoted as a cheaper cleaner and more environmentally friendly technology compared to conventional chemistry leads to a rapid growth in the number of scientific publications studying its sustainability and increasing reports of biocatalyzed processes running on a commercial scale sustainability in

editorial enzyme biocatalysts design and application pmc - Mar 07 2023

web feb 2 2022 enzymes are highly efficient biocompatible and biodegradable catalysts and are produced from bio renewable resources in contrast to chemical catalysts enzymatic reactions are carried out at nearly ambient pressures and temperatures at physiological ph leading to high reaction rates and selectivity

catalysts special issue enzymes and biocatalysis mdpi - Apr 27 2022

web mar 31 2022 interests biocatalysis and biochar application sustainable environment management advanced oxidative and reductive water purification technology principles and applications of environmental nanomaterials sludge and groundwater investigation and remediation water and wastewater treatment technology and water reuse

biocatalysis improving enzymatic processes through protein and - Aug 12 2023

web jul 15 2022 biocatalysis solutions in process chemistry will no doubt continue to grow and with the help of enzyme engineering as a key enabling technology many novel biocatalytic systems should continue to be implemented on the industrial scale thus enhancing the value of this technology in the development of environmentally
