something maybe missing in order to put common sense together which was unsaid and done that needs to be done so you cherish the memory of that day of your life every stone you can ever take and every breath in your body give it to god and glory and take a deep breath and praise God Trials must be mistaken because whatever you do or whatever you did it must be something or what you did needs to be fixed and prepared of a dislike compare to or a distance A distance is a challenge of course or a state of mind What people do for a living is the unit of life It s the bad things that you do that makes trials go wrong and bad rather than right One way it is or another and one way it doesn t What you do or what you don t do you pick up the pieces of the puzzles and get it right on time on the dot and line and you take a piece of the pie what you like and dislike and show and prove the way you want it You talk about the good old times and sometimes it s about the wrong times of your life and the things you did in the past whether it be good or bad in your wildest dream life You take that and swipe your shoulders off The greater it is the badder it maybe It can be fixable that same day or a couple of days a head Trouble don t last always and not for long That s how it works and what should be done and you take it and fix everything that has been broken You stand forward to that and be strong and have strength and whatever that needs to be done and whatever that it is you can t do you don t have to do it or put up with it Be yourself and do all that you can do as possible and that s all you can do You cannot please everyone because it s gonna have a passing moment when you can do something or not and you will be tired of it It also includes fatal attraction breaking relationships tragedies boo thangs lover and friends blessings curses magic spells cast of spells Buddhism voodoo and many more **Big Mac** Dani Haviland,2020-09-04 Action packed Clean Time Travel Read What if someone could go back in time and stop the Pandemic before it started Since we really don t know what caused the COVID virus BIG MAC could be right it was his bio dad Big Mac a mixed race third generation time traveler comes back from the future to 2015 to see if he can find his no good Viking sire and stop him from releasing the virus What he finds is that he arrived a little too early and may have ruined the timeline continuum by interacting with his grandparents And then there s the complication of the post Civil War slave who happens to show up next to the old family manse What is he to do with her Take a fantasy trip to a few years in the past when people could shake hands and interact without facemasks or fear of infection A clean romantic mystery fantasy great for any age **Broken: Confessions of a Codependent Man** Wesley Brown,2016-07-22 Codependency is a terrible behavioral disorder that can wreak havoc on your self esteem while destroying you emotionally and physically Codependents cleave to other dysfunctional people and try to fix them to no avail In the end the codependent is left feeling shattered and worthless Meanwhile the target of the codependent s intermeddling remains just as dysfunctional as before the relationship began Broken tells the story of how this codependency was displayed in one s man s life In this author debut Wesley Brown bravely gives readers a glimpse into his life and details how he was able to overcome codependency in order to live a rich and fulfilled life full of love and acceptance and free from toxic relationships In these pages readers wanting help with codependency will find tips reflection exercises
