The Scholarship of Teaching and Learning Jacqueline Dewar, Curtis Bennett, Matthew A. Fisher, 2018-04-26 The Scholarship of Teaching and Learning A Guide for Scientists Engineers and Mathematicians shows college and university faculty members how to draw on their disciplinary knowledge and teaching experience to investigate questions about student learning It takes readers all the way through the inquiry process beginning with framing a research question and selecting a research design moving on to gathering and analyzing evidence and finally to making the results public Numerous examples are provided at each stage many from published studies of teaching and learning in science engineering or mathematics At strategic points short sets of questions prompt readers to pause and reflect plan or act These questions are derived from the authors experience leading many workshops in the United States and Canada on how to do the scholarship of teaching and learning SoTL The taxonomy of SoTL questions What works What is What could be that emerged from the SoTL studies undertaken by scholars in the Carnegie Academic for the Scholarship of Teaching and Learning serves as a framework at many stages of the inquiry process The book addresses the issue of evaluating and valuing this work including implications for junior faculty who wish to engage in SoTL The authors explain why SoTL should be of interest to STEM science technology engineering and mathematics faculty at all types of higher education institutions including faculty members active in traditional STEM research They also give their perspective on the benefits of SoTL to faculty to their institutions to the academy and to students

Research in Parental Involvement Yvette C. Latunde, 2016-10-25 This book examines the process of conducting research on parental involvement in an effort to promote academic achievement across all school levels income levels and racial lines theories and research Latunde explores the policies that have emerged to support the role of families and home school collaboration in the education of youth and evidence supporting home school collaboration and the need for parental involvement to improve student outcomes She defines parental research and its role in our understanding of parental involvement and student outcomes and examines federal and state mandates for parental involvement and shares specific parental involvement resources The nuances in parental involvement are critical to understanding the roles family play in the academic achievement youth and how schools may partner with parents for success

Doing the Scholarship of Teaching and Learning in Mathematics Jacqueline M. Dewar, Curtis D. Bennett, 2014-11-03 The Scholarship of Teaching and Learning SoTL movement encourages faculty to view teaching problems as invitations to conduct scholarly investigations In this growing field of inquiry faculty bring their disciplinary knowledge and teaching experience to bear on questions of teaching and learning They systematically gather evidence to develop and support their conclusions The results are to be peer reviewed and made public for others to build on This Notes volume is written expressly for collegiate mathematics faculty who want to know more about conducting scholarly investigations into their teaching and their students learning

Envisioned and edited by two mathematics faculty the volume serves as a how to guide for doing SoTL in mathematics
