Persistent Images Utterson Andrew Utterson, 2020-05-01 Considers the nature and status of contemporary cinema by way of a series of technological reflections on its past Argues for a progressive historiography that looks forward moving

beyond the sense of anxiety and loss that has dominated accounts of cinema's postulated demise. Draws on the latest thinking on evolving screen technologies and media archaeology and the development of cognate areas such as memory studies. Charts the historical memory of cinema with a view to considering how our engagement with and understanding of this history might be reconfigured in the present. Channelling a focus on the history of cinema into the present and beyond. *Persistent Images: Encountering Film History in Contemporary Cinema* explores the continuing resonance of the memory of cinema as revealed in the technological and aesthetic expressions of a range of experimental practices. With case studies of films that reflexively foreground and creatively reimagine the past including *Shirin* (2008), *Goodbye to Language* (2014) and *Francofonia* (2015), the book demonstrates how the medium of film can look simultaneously backwards and forwards, encountering and reframing the past in the present and offering new ways of thinking about both film history and contemporary cinema alike.

Almost Englishmen Ruth Fredman Cernea, 2007-01-01 Before the Second World War two golden promised lands beckoned the thousands of Baghdadi Jews who lived in Southeast Asia: the British Empire on which the sun never set and the promised land of their religious tradition, Jerusalem. *Almost Englishmen* studies the less well known of these destinations. The book combines history and cultural studies to look into a significant yet relatively unknown period, analyzing to full effect the way Anglo culture transformed the immigrant Baghdadi Jews. England's influence was pervasive and persuasive like other minorities in the complex society that was British India; the Baghdadis gradually refashioned their ideology and aspirations on the British model. The Jewish experience in the lush land of Burma, with its lifestyles, its educational system and its internal tensions, is emblematic of the experience of the extended Baghdadi community, whether in Bombay, Calcutta, Shanghai, Singapore or other ports and towns throughout Southeast Asia. It also suggests the experience of the Anglo-Indian and similar European populations that shared their streets as well as the classrooms of the missionary societies' schools. This contented life amidst golden pagodas ended abruptly with the Japanese invasion of Burma and a horrific trek to safety in India and could not be restored after the war. Employing first person testimonies and recovered documents, this study illuminates this little known period in imperial and Jewish histories.

Against the Postcolonial Richard Serrano, 2006-11-24 *Against the Postcolonial* is at once a study of five writers from lands formerly or currently ruled by France: Algeria, Cambodia, Guiana, Madagascar and Mali, and an interrogation of the relevance of postcolonial theory, criticism and studies to these writers. The authors are necessarily placed against the background of postcolonial studies, but since they have radically different backgrounds, histories and careers, Serrano argues against the relevance of a homogenizing critical practice most interested in replicating itself.

Veldia Davis,

David, I Wasn't Lucky, I Was Blessed DeShannon Butler, 2020-10-19 Are you lucky or are you blessed Is there a difference between being lucky and being blessed Depending on the circumstances one would suggest the two are very subjective I believe when you are blessed you are giving a divined gift from God You cannot not be lucky to receive such miraculous gifts This notion of being blessed has been a life lesson for me As a child I always was taught to count my blessing and to always look to progress Against all odds I felt a calling on my life My life experiences have shaped me to be the person I am today I realized how sports served as a platform for my future success It is quintessential to say I learned early in life without being academically eligible I could not participate in sports No one was going to cut me a break because of my learning disability More and more this motivated me to try my best in school Fasten your seat belt You are about to embark on a journey of bravery of struggles of trials of defeat and of triumph At the conclusion of this book reflect on your own life and determine are you lucky or blessed

Imperial Beast Fables Kaori Nagai, 2020-07-28 This book coins the term imperial beast fable to explore modern forms of human animal relationships and their origins in the British Empire Taking as a starting point the long nineteenth century fascination with non European beast fables it examines literary reworkings of these fables such as Rudyard Kipling's Jungle Books in relation to the global politics of race language and species The imperial beast fable figures variably as a key site where the nature and origins of mankind are hotly debated an emerging space of conservation in which humans enclose animals to manage and control them a cage in which an animal narrator talks to change its human jailors and a vision of animal cosmopolitanism in which a close kinship between humans and other animals is dreamt of Written at the intersection of animal studies and postcolonial studies this book proposes that the beast fable embodies the ideologies and values of the British Empire while also covertly critiquing them It therefore finds in the beast fable the possibility that the multitudinous animals it gives voice to might challenge the imperial networks which threaten their existence both in the nineteenth century and today

Modest Major General Rupert Litherland, 2020-10-09 Colonel Rupert Litherland s last published work was a highly regarded biography of Major General Bunny Burnett and he has now returned to the fray with a biography of Major General Ronnie

McAlister Both men were 10th Gurkhas both held the post of Major General Brigade of Gurkhas but were very different personalities With Burnett what you saw was what you got scruffy laid back extrovert hail fellow well met humorous a smoker who enjoyed a drink all of which did nothing to hide a great deal of common sense tremendous professional competence and much operational experience that had won him an MC and a DSO McAlister was much less of an extrovert outwardly reserved not at all showy impeccably mannered and a modest drinker but with a sharp and perceptive brain with the ability to reduce the most complicated situations to its basics that could be understood by all In terms of authorship this biography was probably much more difficult to write than that of Burnett if only because Ronnie McAlister was much more of a private person Commissioned into the 3rd Gurkhas in 1942 and a temporary major three years later he transferred to 10th Gurkhas when his own 3rd Gurkhas went to the army of the newly independent India McAlister swiftly gained a reputation as a superb trainer and staff officer Litherland traces this phase of his career in detail and shows how McAlister's reputation for being able to shine in any demanding staff appointment reduced his experience of operations That may well be so but as this book shows admirably when Ronnie Mac took command of 1 10th Gurkha Rifles that battalion achieved more in the course of the Borneo campaign than any other Gurkha battalion and that bar was very high indeed Of particular value not just to the Brigade but to military historians generally is the account of the events on the Hong Kong border in 1967 when McAlister was in command of 1 10 GR Litherland has gone to great lengths to uncover previously unpublished sources and to interview leading participants and he has produced what is certainly the most accurate account to date and which is unlikely to be surpassed As Litherland says those of us who knew General Ronnie and had served under him would have liked to acknowledge his service and his friendship at a memorial service but it is the measure of the man that when he knew he was dying at the very respectable age of ninety two he insisted that there was to be no fuss and no memorial service This is an excellent book which well captures the character of a fine officer and a man of great kindness and humility who even when achieving high rank never lost the human touch Gordon Corrigan Author Mud Blood and Poppycock Britain and the First world War

Immortal Jaguar Hugh Fox, 2011 Immortal Jaguar is Hugh Fox's account of his experiences with the inner worlds and ancient powers unleashed by his use of traditional South American spiritual hallucinogenics After consuming psychoactive plants in Peru he is gripped by visionary experiences and finds the dazzling magical world of the Immortals opening up a whirl of ancient knowledge pouring through his consciousness On his return to academic life in the US he finds that having a shamanic gift which he is unable to switch off is something of a dangerous liability Part memoir part archaeology this fusion of visions and ideas into fictional narrative is among the most excitingly readable presentations of the spiritual underworld of the Andes and its expression through sacred hallucinogens The vision extends outward across the ancient world through language and legend all leading to a voyage to the house of the Sun King Tiawanaku in Bolivia Fox a major authority on the Pre Columbian Americas and a true visionary to boot makes a compelling case for the connection of
