Understanding 'offshore' - Offshore Fiduciary Structures - a Primer, 2013 **Offshore Planning** R. Christopher Hunter, 2004 **Money Laundering, Terrorist Financing, and Tax Evasion** Aretha M. Campbell, 2021-10-11 This book explains the consequences of global policy initiatives against money laundering terrorist financing and tax evasion on financial centres located in offshore jurisdictions in the Caribbean region Adding to the existing literature by detailing international policy initiatives against money laundering and tax evasion from the early 1920s to date this book examines the factors that have contributed to their gradual development over time their role in contributing to money laundering terrorist financing and tax evasion the international policy initiatives that came about to address these financial crimes as well as the consequences of these policy initiatives on the legislative systems institutions offshore business sectors and economies of these financial centres **A Primer for New Corporate Lawyers** Clifford R. Ennico, 1990 **The Regulation of Hedge Funds** Ana Maria Fagetan, 2020-12-28 This book analyses elements of international finance comparing the regulation of hedge funds in United States Europe the UK and off shore jurisdictions in the aftermath of the financial crisis It critically compares the Dodd Frank Act in US with the Alternative Investment Funds Managers Directive in Europe Moreover it goes further by analyzing the implementation of the AIFM Directive in seven jurisdictions in Europe famous for the incorporation of hedge funds the United Kingdom Italy France Ireland Malta Luxembourg and Switzerland The book also analyses the effect of Brexit on the legislation in the UK regarding the application of the directive and the distribution of financial products in Continental Europe and will be of particular interest to researchers academics and students of international finance and financial regulation *The Principles of Banking* Moorad Choudhry, 2012-06-13 The ultimate guide for bank management how to survive and thrive throughout the business cycle An essential guide for bankers and students of finance everywhere The Principles of Banking reiterates that the primary requirement of banking sound capital and liquidity risk management had been forgotten in the years prior to the financial crash Serving as a policy guide for market practitioners and regulators at all levels the book explains the keys to success that bankers need to follow during good times in order to be prepared for the bad providing in depth guidance and technical analysis of exactly what constitutes good banking practice Accessible to professionals and students alike The Principles of Banking covers issues of practical importance to bank practitioners including asset liability management liquidity risk internal transfer pricing capital management stress testing and more With an emphasis on viewing business cycles as patterns of stable and stressful market behavior and rich with worked examples illustrating the key principles of bank asset liability management the book is an essential policy guide for today and tomorrow It also offers readers access to an accompanying website holding policy templates and teaching aids Illustrates how unsound banking practices that were evident in previous bank crashes were repeated during the creation of the 2007 2008 financial market crisis Provides a template that can be used to create a sound liquidity and asset liability

management framework at any bank An essential resource for the international banking community as it seeks to re establish its credibility as well as for students of finance Explains the original principles of banking including sound lending policy and liquidity management and why these need to be restated in order to avoid another bank crisis at the time of the next economic recession Covers topics of particular importance to students and academia many of which are marginally if ever addressed in current text books on finance Offers readers access to a companion website featuring invaluable learning and teaching aids Written by a banking practitioner with extensive professional and teaching experience in the field The Principles of Banking explains exactly how to get back to basics in risk management in the banking community essential if we are to maintain a sustainable banking industry engaging and interesting and more importantly easily understood allowing a clear picture to emerge of how the principle or concept under discussion is to be applied in the real world Graeme Wolvaardt Head of Market Liquidity Risk Control Europe Arab Bank Plc

Debt Capital Markets Vincenzo Bavoso, 2024-11-11 Debt capital markets have been at the heart of regulatory and policy debates since the global financial crisis of 2008 In this work Vincenzo Bavoso explores the role financial markets and products have in fuelling episodes of crises and financial instability Focussing on the law and regulation but also drawing on current economics and finance scholarship Debt Capital Markets examines both the pre 2008 regulatory environment and the framework that has emerged from post crisis regulatory corrections since Charting the evolution of debt capital markets and the transformation and liberalisation of the financial markets throughout the 1980s and 1990s the book outlines how debt capital markets from bonds to more sophisticated forms of securitised credit have become engines of private debt creation excessive levels of leverage and inevitably financial instability It covers all the main channels of debt intermediation in capital markets bonds commercial paper covered bonds securitisation collateralised debt obligations collateralised loan obligations and explains relevant synergies with adjacent markets and products such as credit derivatives repurchase agreements or FinTech lending Bavoso argues that the regulatory response after the 2008 global financial crisis has been insufficient so that debt capital markets remain the main locus of financial instability today His book provides a complex analysis of financial markets that accounts for theoretical practical and regulatory aspects It provides a multifaceted and contextual appraisal of the role of debt capital markets together with the legal and regulatory challenges posed by their development
