What Is Cool?

No one can truly understand the sensation of jumping directly onto a turtle, but this is just one of many characteristics bestowed upon the main character in the book *Super Plumber Guy*. The book depicts a brightly lit world of wonder, fungi, and amphibians in varying biomes. While the main character, Mr. Plumber, is depicted as an everyman, his distinct look, style, and behaviors as described in the book show that he is anything but.

Mr. Plumber was originally written as something of an everyday character that the reader could embody. He has no true personality, nor does he have a voice, often allowing secondary characters around him to fill in the gaps. The reader does know that he wears a brightly colored hat, jumps high, and enjoys mushrooms. These are humble characteristics that bring out the humanity of the character. Most people are not a list of unique characteristics but a mosaic of smaller idiosyncrasies.

Super Plumber Guy remains a popular read containing a human character that many might consider boring or free of personality. However, Mr. Plumber is an exceedingly human character who acts as a blank slate for the reader. Diving deeper into other characters and their interactions with him may glean further insight into Mr. Plumber's motivations and inner psychology.

Ivory Tower Blues James Cote, Anton L. Allahar, 2007-05-26 The present state of the university is a difficult issue to comprehend for anyone outside of the education system If we are to believe common government reports that changes in policy are somehow making life easier for university graduates we cannot help but believe that things are going right and are getting better in our universities Ivory Tower Blues gives a decidedly different picture examining this optimistic attitude as it impacts upon professors students and administrators in charge of the education system Ivory Tower Blues is a frank account of the contemporary university drawing on the authors own research and personal experiences as well as on input from students colleagues and administrators James E C t and Anton L Allahar offer an insider s account of the university system an accurate alternative view to that overwhelmingly presented to the general public Throughout the authors argue that fewer and fewer students are experiencing their university education in ways expected by their parents and the public The majority of students are hampered by insufficient preparation at the secondary school level lack of personal motivation and disillusionment Contrary to popular opinion there is no administrative or governmental procedure in place to maintain standards of education Ivory Tower Blues is an in depth look at the crisis facing Canadian and American universities the factors that are precipitating the situation and the long term impact this crisis will have on the quality of higher education

years after McMullen's this collection shows the progression along the path that hers initiated Working with theories of genre gender socio politics literature history and drama the essayists make cases not only for the women writing but also for the literary voices they created to work for diversity and social change in Canada
