Tomb Of The Golden Bird:

Tomb of the Golden Bird Elizabeth Peters, 2006 *London's Curse* Mark Beynon, 2011-10-31 Throughout the 1920s and 1930s London was gripped by the supposed curse of Tutankhamun whose tomb in the Luxor sands was uncovered in February 1923 by the British archaeologist Howard Carter The site was plundered and over the next few years more than twenty of those involved in the exhumation or in handling the contents of the tomb perished in strange and often terrifying circumstances prompting the myth of the Curse of Tutankhamun Nowhere particularly London's West End appeared to be safe for those who had provoked the ire of the Egyptian death gods A blend of meticulous research and educated conjecture historian and screenwriter Mark Beynon turns armchair detective as he uncovers a wealth of hitherto unpublished material that lays bare the truth behind these fatalities Could London's Curse be attributed to the work of a macabre mastermind It soon becomes apparent that these deaths were not only linked by the ominous presence of Tutankhamun himself but also by a murderer hell bent on retribution and dubbed by the press as The Wickedest Man in the World **Mummies around the World** Matt Cardin, 2014-11-17 Perfect for school and public libraries this is the only reference book to combine pop culture with science to uncover the mystery behind mummies and the mummification phenomena Mortality and death have always fascinated humankind Civilizations from all over the world have practiced mummification as a means of preserving life after death a ritual which captures the imagination of scientists artists and laypeople alike This comprehensive encyclopedia focuses on all aspects of mummies their ancient and modern history their scientific study their occurrence around the world the religious and cultural beliefs surrounding them and their roles in literary and cinematic entertainment Author and horror guru Matt Cardin brings together 130 original articles written by an international roster of leading scientists and scholars to examine the art science and religious rituals of mummification throughout history Through a combination of factual articles and topical essays this book reviews cultural beliefs about death the afterlife and the interment entombment and cremation of human corpses in places like Egypt Europe Asia and Central and South America Additionally the book covers the phenomenon of natural mummification where environmental conditions result in the spontaneous preservation of human and animal remains Tutankhamun Thomas Hoving, 2002-04-02 The discovery of Tutankhamun's treasure filled tomb is one of the greatest events in modern archeology It is also a story so filled with intrigues accusations international imbroglios and lasting scandals that it forever altered the way archaeological expeditions were organized and conducted Hoving's Tutankhamun focuses on Howard Carter the archaeologist who persisted for six years in his search in the Valley of the Kings for Tutankhamun's tomb Other major figures in the discovery include Carter's patron Lord Carnarvon who died shortly after entering the tomb thus kindling rumors of a curse Carter's rival Pierre Lacau a French Jesuit who headed the Antiquities Service in Cairo and did everything he could to ruin Carter and deny his claim the Egyptian authorities determined to keep the artifacts of their national heritage in their country and Arthur Weigall and other Egyptologists who felt slighted by Carter
