Tomorrows News Today The State Of The Union English Edition:

Today Hong Kong, Tomorrow the World Mark L. Clifford, 2022-02-01 A gripping history of China's deteriorating relationship with Hong Kong and its implications for the rest of the world For 150 years as a British colony Hong Kong was a beacon of prosperity where people money and technology flowed freely and residents enjoyed many civil liberties In preparation for handing the territory over to China in 1997 Deng Xiaoping promised that it would remain highly autonomous for fifty years An international treaty established a Special Administrative Region SAR with a far freer political system than that of Communist China one with its own currency and government administration a common law legal system and freedoms of press speech and religion But as the halfway mark of the SAR's lifespan approaches in 2022 it is clear that China has not kept its word Universal suffrage and free elections have not been instituted harassment and brutality have become normalized and activists are being jailed en masse To make matters worse a national security law that further crimps Hong Kong's freedoms has recently been decreed in Beijing This tragic backslide has dire worldwide implications as China continues to expand its global influence Hong Kong serves as a chilling preview of how dissenters could be treated in regions that fall under the emerging superpower's control *Today Hong Kong Tomorrow the World* tells the complete story of how a city once famed for protests so peaceful that toddlers joined grandparents in millions strong rallies became a place where police have fired more than 10 000 rounds of tear gas rubber bullets and even live ammunition at their neighbors while pro government hooligans attack demonstrators in the streets A Hong Kong resident from 1992 to 2021 author Mark L Clifford has witnessed this transformation firsthand As a celebrated publisher and journalist he has unrivaled access to the full range of the city's society from student protestors and political prisoners to aristocrats and senior government officials A powerful and dramatic mix of history and on the ground reporting this book is the definitive account of one of the most important geopolitical standoffs of our time *Tomorrow's News Today* Eric K. Meyer, 2000 *Freedom Fries* Steve Brodner, 2004-10-11 For more than two decades Steve Brodner has been the most savage editorial cartoonist illustrator to work in the United States Internationally his only rival for acid tipped outrage is England's Ralph Steadman And unlike the handful of his American colleagues who share his go for the jugular approach Brodner is also a virtuoso draftsman whose every line and splash of color is an exquisite treat for the eye *Freedom Fries* is Brodner's absurdly nightmarish journey through the last 30 years of American politics And what a cast of characters Nixon Ford Carter Reagan Bush I Clinton Bush II And those are just the presidents Add in such pretenders to the throne as Newt Gingrich both Doles Gore and Nader craven cabinet officers and legislators and you have the most horrifyingly hilarious rogues gallery of striking resemblances anywhere **Tackling Tomorrow Today** Arthur B.
