In order to lose the weight that you want, you also need to exercise. Unfortunately, for most people, they are not very fond of hearing the word exercise simply because they do not feel that it does not work with them. However, exercise is a broad term. There are many ways to exercise your body in order to lose weight. If you're thinking of the typical running or lifting weights or regular sports type of exercises, then you're forgetting another good aspect of exercise: yoga. If you're not familiar with yoga, then it is a good time to start now. Not to mention that yoga will also benefit you in many ways. It's a form of exercise that allows you to relax your mind while releasing the tension in your body. It also improves your strength and stamina. It'll allow your body to become more flexible than before, and it'll make you feel a lot lighter. So, who knows? You might even prefer this type of exercise. Vegetarian Times ,2004 *The Single Person's Cookbook* Tony Wilkins,2007-02-16 A friend told me about a new person he d invited over for dinner later that night Since my friend is the world s worst cook and hates cookbooks too complicated and the recipes are never broken down for single serving meals the task fell to me to help My suggestions included everything from a roasted chicken to a stir fry I also told him he could have me prepare the meal for him b do take out c starve d I could help him come up with a few simple recipes he could make himself in 30 minutes or less While putting together his menu he asked me a question Have you ever thought of writing a cookbook To which I replied if I did it would be

specifically for single people And as they say necessity is the mother of invention The Single Person s Cookbook is written for anyone without a wife husband children or significant other to cook for Or for anyone needing to impress a date or serve a special someone a great meal because you care In short it is for anyone who wants a simple fast elegant low fat and yes romantic home cooked meal in minutes Each chapter will include approximately 5 10 recipes a piece and tips to help make the cooking process easier and more enjoyable Although I have included measurements for these recipes as a frame of reference I d like to note that I rarely ever measure anything ever In creating a simple meal I find that using the six senses instinct being the sixth are far more important and reliable than a measuring cup As a single man myself over 40 I m often aware of the irony of life s little lessons The blind date that turns out to be your ex lover s ex lover This book will not only be informative from a culinary standpoint but also offers funny little observations about getting through life as a single person of a certain age Think Sex in the City meets 30 Minute Meals from a gay man s point of view The book also offers tips on fitness I went from 232 lbs to 165lbs in about a year as well as ways to save money on your food bill Upcoming books in The Single Person s Cookbook series include Cooking from your Garden and Southern Cooking
