in giving the young ones a volume of English Fairy Tales my difficulty was one of collection This time in offering them
specimens of the rich folk fancy of the Celts of these islands my trouble has rather been one of selection Ireland began to
collect her folk tales almost as early as any country in Europe and Croker has found a whole school of successors in Carleton
Griffin Kennedy Curtin and Douglas Hyde Scotland had the great name of Campbell and has still efficient followers in
MacDougall MacInnes Carmichael Macleod and Campbell of Tiree Gallant little Wales has no name to rank alongside these in
this department the Cymru have shown less vigour than the Gaedhel Perhaps the Eisteddfod by offering prizes for the
collection of Welsh folk tales may remove this inferiority Meanwhile Wales must be content to be somewhat scantily
represented among the Fairy Tales of the Celts while the extinct Cornish tongue has only contributed one tale In making my
selection I have chiefly tried to make the Stories characteristic It would have been easy especially from Kennedy to have
made up a volume entirely filled with Grimm s Goblins a la Celtique But one can have too much even of that very good thing
and I have therefore avoided as far as possible the more familiar formulae of folk tale literature To do this I had to withdraw
from the English speaking Pale both in Scotland and Ireland and I laid down the rule to include only tales that have been
taken down from Celtic peasants ignorant of English Having laid down the rule I immediately proceeded to break it The
success of a fairy book I am convinced depends on the due admixture of the comic and the romantic Grimm and Asbjornsen
knew this secret and they alone But the Celtic peasant who speaks Gaelic takes the pleasure of telling tales somewhat sadly
so far as he has been printed and translated I found him to my surprise conspicuously lacking in humour For the comic relief
of this volume I have therefore had to turn mainly to the Irish peasant of the Pale and what richer source could I draw from

For the more romantic tales I have depended on the Gaelic and as I know about as much of Gaelic as an Irish Nationalist M P I have had to depend on translators But I have felt myself more at liberty than the translators themselves who have generally been overliteral in changing excising or modifying the original I have even gone further In order that the tales should be characteristically Celtic I have paid more particular attention to tales that are to be found on both sides of the North Channel In retelling them I have had no scruple in interpolating now and then a Scotch incident into an Irish variant of the same story or vice versa Where the translators appealed to English folklorists and scholars I am trying to attract English children They translated I endeavoured to transfer In short I have tried to put myself into the position of an ollamh or sheenachie familiar with both forms of Gaelic and anxious to put his stories in the best way to attract English children I trust I shall be forgiven by Celtic scholars for the changes I have had to make to effect this end The stories collected in this volume are longer and more detailed than the English ones I brought together last Christmas The romantic ones are certainly more romantic and the comic ones perhaps more comic though there may be room for a difference of opinion on this latter point This superiority of the Celtic folk tales is due as much to the conditions under which they have been collected as to any innate superiority of the folk imagination The folk tale in England is in the last stages of exhaustion The Celtic folk tales have been collected while the practice of story telling is still in full vigour though there are every signs that its term of life is already numbered
