Charter Schools, Race, and Urban Space Kristen L. Buras, 2014-07-17 Charter schools have been promoted as an equitable and innovative solution to the problems plaguing urban schools Advocates claim that charter schools benefit working class students of color by offering them access to a portfolio of school choices In *Charter Schools Race and Urban Space* Kristen Buras presents a very different account Her case study of New Orleans where veteran teachers were fired en masse and the nation's first all charter school district was developed shows that such reform is less about the needs of racially oppressed communities and more about the production of an urban space economy in which white entrepreneurs capitalize on black children and neighborhoods In this revealing book Buras draws on critical theories of race political economy and space as well as a decade of research on the ground to expose the criminal dispossession of black teachers and students who have contributed to New Orleans culture and history Mapping federal state and local policy networks she shows how the city's landscape has been reshaped by a strategic venture to privatize public education She likewise chronicles grassroots efforts to defend historic schools and neighborhoods against this assault revealing a commitment to equity and place and articulating a vision of change that is sure to inspire heated debate among communities nationwide

After the Education Wars Andrea Gabor, 2018-06-12 The education wars have been demoralizing for teachers *After the Education Wars* helps us to see a better way forward Cathy N Davidson The New York Times Book Review *After the Education Wars* is an important book that points the way to genuine reform Diane Ravitch author of *Reign of Error* and *The Death and Life of the Great American School System* A bestselling business journalist critiques the top down approach of popular education reforms and profiles the unexpected success of schools embracing a nimbler more democratic entrepreneurialism In an entirely fresh take on school reform business journalist and bestselling author Andrea Gabor argues that Bill Gates Eli Broad and other leaders of the prevailing education reform movement have borrowed all the wrong lessons from the business world *After the Education Wars* explains how the market based measures and carrot and stick incentives informing today's reforms are out of sync with the nurturing culture that good schools foster and contrary to popular belief at odds with the best practices of thriving twenty first century companies as well These rich detailed stories of real reform in action illustrate how enduring change must be deeply collaborative and relentlessly focused on improvement from the grass roots up lessons also learned from both the open source software and quality movements The good news is that solutions born of this philosophy are all around us from Brockton Massachusetts where the state's once failing largest high school now sends most graduates to college to Leander Texas a large district where school improvement spurred by the ideas of quality guru W Edwards Deming has become a way of life A welcome exception to the doom and gloom canon of education reform *After the Education Wars* makes clear that what's needed is not more grand ideas but practical and informed ways to grow

the best ones that are already transforming schools Pedagogy, Policy, and the Privatized City Kristen L. Buras, Jim Randels, Kalamu ya Salaam, Students at the Center, 2015-04-17 In cities across the nation communities of color find themselves resisting state disinvestment and the politics of dispossession Students at the Center a writing initiative based in several New Orleans high schools takes on this struggle through a close examination of race and schools The book builds on the powerful stories of marginalized youth and their teachers who contest the policies that are destructive to their communities decentralization charter schools market based educational choice teachers union busting mixed income housing and urban redevelopment Striking commentaries from the foremost scholars of the day explore the wider implications of these stories for pedagogy and educational policy in schools across the United States and the globe Most importantly this book reveals what must be done to challenge oppressive conditions and transform our schools for the benefit of all students

IJER Vol 23-N3 International Journal of Educational Reform, 2014-07-01 The mission of the International Journal of Educational Reform IJER is to keep readers up to date with worldwide developments in education reform by providing scholarly information and practical analysis from recognized international authorities As the only peer reviewed scholarly publication that combines authors voices without regard for the political affiliations perspectives or research methodologies IJER provides readers with a balanced view of all sides of the political and educational mainstream To this end IJER includes but is not limited to inquiry based and opinion pieces on developments in such areas as policy administration curriculum instruction law and research IJER should thus be of interest to professional educators with decision making roles and policymakers at all levels turn since it provides a broad based conversation between and among policymakers practitioners and academicians about reform goals objectives and methods for success throughout the world Readers can call on IJER to learn from an international group of reform implementers by discovering what they can do that has actually worked IJER can also help readers to understand the pitfalls of current reforms in order to avoid making similar mistakes Finally it is the mission of IJER to help readers to learn about key issues in school reform from movers and shakers who help to study and shape the power base directing educational reform in the U S and the world Getting Started in Ballet : A Parent's Guide to Dance Education Anna Paskevaska Chair of the Dance Department Chicago Academy for the Arts, 1997-10-20 Many children dream of being a ballerina Chin raised with purpose arms high above head they twirl clumsily around the living room and leap tirelessly in the air Sooner or later they re bound to say I want to dance Now what do you do How do you know if the time is right Where s the best place to start In Getting Started in Ballet Anna Paskevaska draws from her training at the Paris Opera Ballet School and and the Royal Ballet School in London and her career as a professional dancer and teacher to offer a step by step introduction to dance education for parents with children starting ballet Paskevaska begins with a historical overview of dance and discusses the fundamental virtues and many life long skills it imparts Dance teaches children how to cooperate and support each other s efforts encourages them to work in harmony with others helps establish a child s spatial

relationships and promotes discipline and responsibility Paskevskas outlines the proper sequence for training in ballet based on a child's physical and mental development She clearly demonstrates how ballet's early training focusing on repetition of simple motion such as exercises at the barre and basic jumps establish pathways for all later movements not only in ballet but in modern dance jazz and tap as well Written in a clear and accessible style and full of anecdotes from Paskevskas long professional dance related career *Getting Started in Ballet* offers helpful information on types of dance schools and how to select the right school for your child Included is valuable information on choosing a dance instructor the role both parents and teachers should play in a child's learning experience and the qualities the ideal teacher should possess Also discussed are more practical matters such as the appropriate clothing to wear while practicing the importance of shoes that fit properly how to secure pointe shoes tips for avoiding injury and how to balance training and performing experience during the formative years A special chapter covers proper diet eating disorders and ways to recognize symptoms of imbalance Finally Paskevskas touches upon the professional world of dance attending college as a dance major and advice on choosing careers that benefit from a background in dance With forewords by Violette Verdy a preeminent ballerina affiliated with the New York City Ballet and the Paris Opera Ballet and Sybil Shearer a pioneer of American modern dance as well as an extensive appendix of performing arts schools and dance programs throughout the United States *Getting Started in Ballet* gives parents the advice they need to make their child's dance experiences both enjoyable and constructive

The Political Economy of Hurricane Katrina and Community Rebound Emily Chamlee-Wright, Virgil Henry Storr, 2010-01-01 In 2005 Hurricane Katrina posed an unprecedented set of challenges to formal and informal systems of disaster response and recovery Informed by the Virginia School of Political Economy the contributors to this volume critically examine the public policy environment that led to both successes and failures in the post Katrina disaster response and long term recovery Building from this perspective this volume lends critical insight into the nature of the social coordination problems disasters present the potential for public policy to play a positive role and the inherent limitations policymakers face in overcoming the myriad challenges that are a product of catastrophic disaster Soon after Hurricane Katrina wreaked its havoc the Mercatus Center at George Mason University launched the Gulf Coast Recovery Project The project assembled a team of researchers to examine the capacity within political economic and civic life to foster robust response and recovery Building on both quantitative and qualitative analysis the contributors to this volume seek to understand the recovery process from the ground up from the perspective of first responders residents business owners non profit directors musicians teachers and school administrators and how ordinary citizens respond to the formal and informal rules of the post disaster policy context Personal political and poignant *The Political Economy of Hurricane Katrina and Community Rebound* will appeal to economists interested in the political economy of disaster and disaster recovery disaster specialists and general readers interested in the challenges those affected by Hurricane Katrina have faced and are facing and their prospects for recovering from the 2005

disaster *Educational Delusions?* Gary Orfield, Erica Frankenberg, 2013-01-25 The first major battle over school choice came out of struggles over equalizing and integrating schools in the civil rights era when it became apparent that choice could be either a serious barrier or a significant tool for reaching these goals The second large and continuing movement for choice was part of the very different anti government individualistic market based movement of a more conservative period in which many of the lessons of that earlier period were forgotten though choice was once again presented as the answer to racial inequality This book brings civil rights back into the center of the debate and tries to move from doctrine to empirical research in exploring the many forms of choice and their very different consequences for equity in U S schools Leading researchers conclude that although helping minority children remains a central justification for choice proponents ignoring the essential civil rights dimensions of choice plans risks compounding rather than remedying racial inequality *The Neoliberal Deluge* Cedric Johnson, A critical collection on the politics of disaster and reconstruction in New Orleans

Public and Private Education in America Casey D. Cobb, Gene V Glass, 2021-09-23 This title will give students and other readers a clear understanding of the true state of public and private education systems in the United States by refuting falsehoods misunderstandings and exaggerations and confirming the validity of other assertions This work is part of a series that uses evidence based documentation to examine the veracity of claims and beliefs about high profile issues in American culture and politics Each book in the Contemporary Debates series is intended to puncture rather than perpetuate myths that diminish our understanding of important policies and positions to provide needed context for misleading statements and claims and to confirm the factual accuracy of other assertions This particular volume examines beliefs claims and myths about public and private K 12 education in the United States Issues covered include categories of public and private schools and variations in academic performance and socioeconomic status therein controversies surrounding school choice including school vouchers and charter schools accountability and assessment of private and public schools debates about school environment safety and curricula and teacher and administrator quality All of these issues are examined in individualized entries with objective responses grounded in up to date evidence **From Promising to Proven: A Wise Giver's Guide to Expanding on the Success of Charter Schools** Karl Zinsmeister, 2014-03-25 Twenty five years ago charter schools hadn't even been dreamed up Today they are mushrooming across the country There are 6 500 charter schools operating in 42 states with more than 600 new ones opening every year Within a blink there will be 3 million American children attending these freshly invented institutions and 5 million students in them by the end of this decade It is philanthropy that has made all of this possible Without generous donors charter schools could never have rooted and multiplied in this way And philanthropists have driven relentless annual improvements better trained school founders more prepared teachers sharper curricula smarter technology that have allowed charter schools to churn out impressive results Studies show that student performance in charter schools is accelerating every year as high performing models replace weaker ones Charter schools as

a whole already exceed conventional schools in results The top charters that are now growing so fast elevate student outcomes more than any other schools in the U S especially among poor and minority children Charter schooling may be the most important social innovation of our age and it is just beginning to boom Philanthropists anxious to improve America have more opportunities to make a difference through charter schools than in almost any other way This book provides the facts examples cautionaries inspiration research and practical experience that philanthropists will need as charter schooling shifts gears from promising experiment to mainstream movement bringing improved opportunity to millions of students
