Jobs, Robots & Us Kinley Salmon, 2019-05-27 Could millions of jobs soon be eliminated by artificial intelligence and robots From driverless cars to digital assistants it seems the world of work is on the cusp of a technological revolution that is generating hopes and fears alike But are the robots really knocking at the door And what does all this mean for New Zealanders In this far sighted and lucid book Kinley Salmon explores the future of work in New Zealand He interrogates common predictions about a jobless future and explores what might happen to workers in New Zealand as automation becomes more widespread This book also asks big questions about the power we have to shape technological progress and to influence how robots and artificial intelligence are adopted It sketches out two bold alternative futures for New Zealand and suggests what it might take and what we might risk to pursue each of them It is time Salmon argues to start debating and choosing the future we want for New Zealand

Leo Laporte's 2006 Gadget Guide Leo Laporte, Michael Miller, 2005 Provides buying advice and profiles of a variety of gadgets including MP3 players cell phones home theater equipment satellite radio and GPS navigation systems

Technonatures Damian F. White, Chris Wilbert, 2010-04-05 Environmentalism and social sciences appear to be in a period of disorientation and perhaps transition In this innovative collection leading international thinkers explore the notion that one explanation for the current malaise of the politics of ecology is that we increasingly find ourselves negotiating technonatural space times International contributors map the political ecologies of our technonatural present and indicate possible paths for technonatural futures The term technonatures is in debt to a long line of environmental cultural theory from Raymond Williams onwards problematizing the idea that a politics of the environment can be usefully grounded in terms of the rhetoric of defending the pure the authentic or an idealized past solely in terms of the ecological or the natural In using the term technonatures as an organizing myth and metaphor for thinking about the politics of nature in contemporary times this collection seeks to explore one increasingly pronounced dimension of the social natures discussion Technonatures highlights a growing range of voices considering the claim that we are not only inhabiting diverse social natures but that within such natures our knowledge of our worlds is ever more technologically mediated produced enacted and contested
