

The background of the advertisement is a vibrant, abstract pattern of swirling blue and teal colors, resembling liquid or smoke. The pattern is dynamic and fluid, with various shades of blue and green creating a sense of movement. The Sony logo is positioned in the top left corner, and the word 'LED' is in the bottom right corner. The entire image is framed by a thin black border.

Final Fantasy VII , 40jahrevideokunst.de Peter Weibel,2010 The present volume is the second part of the 40yearsvideoart de restoration project by the German Federal Cultural Foundation The project succeeded in retrieving a large number of videos from the sixties and seventies believed lost from artists estates and museum storerooms restoring them and in many cases presenting them again for the first time in over thirty years This volume features over fifty early and largely unknown videos by and with artists such as Joseph Beuys Valeska Gert and Klaus Rinke It offers an illustrated history of video techniques and features discussions on modern restoration practices In addition texts by experts artists curators art theorists and media scholars as well as a comprehensive annotated bibliography provide profound insight into one of the most influential genres in twentieth and twenty first century art **PC Mag** ,2001-10-16 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology Popular Mechanics ,2002-05 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle The End of the Innocence Lawrence R. Samuel,2007-10-01 From April 1964 to October 1965 some 52 million people from around the world flocked to the New York World s Fair an

experience that lives on in the memory of many individuals and in America's collective consciousness Taking a perceptive look back at the last of the great world's fairs Samuel offers a vivid portrait of this seminal event and of the cultural climate that surrounded it He also counters critics' assessments of the fair as the ugly duckling of global expositions Opening five months after President Kennedy's assassination the fair allowed millions to celebrate international fellowship while the conflict in Vietnam came to a boil This event was perhaps the last time so many from so far could gather to praise harmony while ignoring cruel realities on such a gargantuan scale This world's fair glorified the postwar American dream of limitless optimism even as a counterculture of sex drugs and rock n roll came into being It could rightly be called the last gasp of that dream *The End of the Innocence* Samuel's work charts the fair from inception in 1959 to demolition in 1966 and provides a broad overview of the social and cultural dynamics that led to the birth of the event It also traces thematic aspects of the fair with its focus on science technology and the world of the future Accessible entertaining and informative the book is richly illustrated with contemporary photographs

Portable Moving Images Ricardo Cedeño Montaña, 2017-08-21 This media history explores a series of portable small cameras playback devices and storage units that have made the production of film and video available to everyone Covering several storage formats from 8mm films of the 1900s through the analogue videotapes of the 1970s to the compression algorithms of the 2000s this work examines the effects that the shrinkage of complex machines media formats and processing operations has had on the dissemination of moving images Using an archaeological approach to technical standards of media the author provides a genealogy of portable storage formats for film analog video and digitally encoded video This book is a step forward in decoding the storage media formats which up to now have been the domain of highly specialised technicians

Content Strategy Rahel Anne Bailie, Noz Urbina, 2013-01-15 If you've been asked to get funding for a content strategy initiative and need to build a compelling business case if you've been approached by your staff to implement a content strategy and want to know the business benefits or if you've been asked to sponsor a content strategy project and don't know what one is this book is for you Rahel Anne Bailie and Noz Urbina come from distinctly different backgrounds but they share a deep understanding of how to help your organization build a content strategy *Content Strategy Connecting the dots between business brand and benefits* is the first content strategy book that focuses on project managers department heads and other decision makers who need to know about content strategy It provides practical advice on how to sell create implement and maintain a content strategy including case studies that show both successful and not so successful efforts Inside the Book Introduction to Content Strategy Why Content Strategy and Why Now The Value and ROI of Content Content Under the Hood Developing a Content Strategy Glossary Bibliography and Index
