Veinte Poemas De Amor Y Una Canción Desesperada:

Neruda's Sins Hernán Loyola, 2022-06-01 The polemics Pablo Neruda was involved in from the 1930s on are legendary but not even the ferocity of those attacks would lead one to believe that today a half a century after his death he would still be on trial In this consistent and emphatic book the great Nerudian critic Hernán Loyola addresses Neruda's sins the machista the fableteller the rapist the bad husband the bad father the plagiarist the insolent one the abandoner the Stalinist and the bourgeois Loyola's objective is to review and discuss with the greatest amount of intellectual honesty that he can humanly muster as an admiring literary critic and with deep sympathy for his unforgettable friend the most tenacious and disseminated accusations attributed to Pablo Neruda All told this book is an impressive biographical and poetic interpretation of the most salient aspects of the Nobel Laureate's life

The Complete Memoirs Pablo Neruda, 2025-10-16 The classic memoir of the Nobel Prize winning poet now expanded with newly discovered material Southern Chile was an open frontier when the beloved poet Pablo Neruda was born there in 1904 A motherless pensive child in the wild he began writing poems long before quitting the countryside for Santiago where he spent his bohemian student years From there his memoir follows his travels as a globetrotting Chilean consul including a stint in Spain during its civil war and in Mexico where he attracted attention for aiding a man suspected of conspiring to assassinate Leon Trotsky and his short lived service as a Chilean senator Neruda a communist was driven from his senate seat in 1948 and a warrant was issued for his arrest After a year in hiding he escaped on horseback over the Andes then to Europe and Asia The memoirs conclude shortly after the coup in 1972 that overthrew his close friend Salvador Allende Chile's first democratically elected president as Neruda himself battled cancer Now expanded to include newly discovered material The Complete Memoirs is the definitive edition of Neruda's classic memoir a moving revealing record of his life as a poet a patriot and one of the twentieth century's true men of conscience
