It offers users an abundance of new and upgraded features that were more than five years in the making: a gorgeous glass-like visual overhaul, superior searching and organization tools, a multimedia and collaboration suite, and above all, a massive top-to-bottom security shield overhaul. Protect your PC and network with Vista's beefed-up security. And much more. This jargon-free guide explains Vista's features clearly and thoroughly, revealing which work well and which don't.
