

Step 7

Mascara

Always wear mascara because even the most subtle and natural-looking eye makeup needs it. The mascara makes your natural lashes a darker look and is what if you have a sparse full set. The mascara that you choose will affect the look of your eyes. If you are looking for a dramatic look, choose a mascara that has a lot of volume and lengthening properties. There are a lot of mascaras out there, so it is a good idea if you want a dramatic look, ask if your mascara needs to be washed.

When applying mascara, hold the mascara wand parallel to the floor and brush from the base of the lashes to the tips. Hold the wand in place for a moment so the lashes can catch the mascara. Repeat the process for the bottom lashes and you're done. Repeat the process for the bottom lashes.

If you choose to curl the lashes, it is a good idea to apply mascara. Curling lashes after applying mascara can break the lashes.

The ideal mascara makes the most impact. There is no one-size-fits-all look.

Step 8

Blush

Always add a natural shade of blush to the apples of cheeks. Blush up toward the hairline, down toward the under-eye area.

For long-lasting results, there is a way of applying blush that is best.

For an extra glow, first a shimmer powder is applied to the cheeks with a fine brush. Then, an eye shadow brush is applied with some fingers.

For a glow off your powder blush, use your index finger to apply. If it seems to light up, use the light finger to the bottom of the nose and under the eye.

For a glow off your blush is a good option for the skin.

To add a warm tone to skin, use a brush to apply where the sun normally hits the face—cheeks, forehead, nose, and chin.

Step 9

Lipstick

Start with clean, smooth lips.

Several lipstick shades and about 10 minutes can be applied. Apply the lipstick. The lipstick should be applied in a way that is not too thick. The lipstick should be applied in a way that is not too thick.
