

Introduction, Service Manual

The information in this Service Manual covers models 6BWC10/15/20, 6BWS11/15/20, and 6BWR15.

Federal and State laws require that operators be completely trained in the safe operation of trucks in accordance with OSHA1910.178.

An Operator's Manual is sent with every Toyota lift truck when it is manufactured. If the Operator's Manual is missing from the truck, a new manual may be obtained by contacting your local Toyota Dealer.

This service manual is not a training manual. The information contained in this service manual is intended as a guide to help trained, qualified, and authorized technicians safely service this truck.

The Service Manual is divided into four separate sections, which cover needed information for servicing the truck types. The main subject for each of these sections are as described below.
