Zhu, 2012-05-24 Pragmatism is enjoying a renaissance in management studies and the social sciences Once written off as
amoral relativist and opposed to the ideals of Truth Reason and Progress it is now regaining influence in public policy
international relations and business strategy But what can pragmatism teach us about strategy How can pragmatic strategies
help businesses to succeed This innovative book presents a pragmatic framework for shaping and solving strategic problems
in a practical creative ethical and finely balanced manner To achieve this the authors draw from Confucian teaching
American pragmatism and Aristotelian practical wisdom as well as business cases across industries and nations particularly
from emerging economies With significant theoretical depth direct practical implication and profound cultural sensitivity the
book is useful for executive managers public administrators strategy researchers and advanced students in the search for
