The American Opportunity Tax Credit Overview Analysis And Policy Options:

The American Opportunity Tax Credit Crandall-Hollick, 2015-01-03 The American Opportunity Tax Credit AOTC is a temporary tax provision that provides financial assistance to taxpayers whose children or who themselves are attending college The AOTC is scheduled to expire at the end of 2017 at which point Congress may allow the provision to expire extend the provision in its current form or extend a modified version of the AOTC In light of increased congressional interest in reforming the tax code policy makers may choose to consider modifying the AOTC in conjunction with other education tax benefits 1 The Joint Committee on Taxation JCT estimated that all education tax benefits for individuals cost 46.7 billion in 2014 Higher education tax credits of which the AOTC is the largest accounted for 24.5 billion 52% of the total *The American Opportunity Tax Credit* Margot Crandall-Hollick, 2012-07-28 The American Opportunity Tax Credit AOTC enacted on a temporary basis by the American Recovery and Reinvestment Act ARRA P L 111 5 and extended through the end of 2012 by the Tax Relief Unemployment Insurance Reauthorization and Job Creation Act of 2010 P L 111 312 is a partially refundable tax credit that provides financial assistance to taxpayers who are attending college or whose children are attending college The credit worth up to 2,500 per student can be claimed for a student's first four years of post secondary education In addition 40% of the credit up to 1,000 can be received as a refund by taxpayers with little or no tax liability The credit phases out for taxpayers with income between 80,000 and 90,000 160,000 and 180,000 for married couples filing jointly and is hence unavailable to taxpayers with income above 90,000 180,000 for married couples filing jointly There are a variety of other eligibility requirements associated with the AOTC including the type of degree the student is pursuing the number of courses the student is taking and the type of expenses which qualify Prior to the enactment of the AOTC there were two permanent education tax credits the Hope Credit and the Lifetime Learning Credit The AOTC temporarily replaced the Hope Credit from 2009 through the end of 2012 the Lifetime Learning Credit remains unchanged A comparison of these two credits indicates that the AOTC is both larger on a per capita and aggregate basis and more widely available in comparison to the Hope Credit Data from the Internal Revenue Service IRS indicates that enactment of the AOTC contributed to a more than doubling of the amount of education credits claimed by taxpayers Education tax credits were intended to provide federal financial assistance to students from middle income families who may not benefit from other forms of traditional student aid like Pell Grants The enactment of the AOTC reflected a desire to continue to provide substantial financial assistance to students from middle income families while also expanding the credit to certain lower and upper income students A distributional analysis of the AOTC highlights that this benefit is targeted to the middle class with more than half 53% of the estimated 16 billion of AOTCs in 2009 going to taxpayers with income between 30,000 and 100,000 One of the primary goals of education tax credits including the AOTC is to increase college attendance Studies analyzing the impact education tax incentives have had on college attendance are mixed Recent research that has focused broadly on

education tax incentives that lower tuition costs and have been in effect for several years including the Hope and Lifetime Learning Credits found that while these credits did increase attendance by approximately 7% 93% of recipients of these benefits would have attended college in their absence Even though the AOTC differs from the Hope Credit in key ways there are a variety of factors that suggest this provision may also have a limited impact on increasing college attendance In addition a recent report from the Treasury Department s Inspector General for Tax Administration TIGTA identified several compliance issues with the AOTC There are a variety of policy options Congress may consider regarding the AOTC including extending the credit extending a modified AOTC or repealing the Hope and Lifetime Credits and extending a modified AOTC that includes provisions included in these credits Alternatively Congress may want to examine alternative ways to reduce the cost of higher education

Levine,2022-04-22 A critical examination of the complex system of college pricing how it works how it fails and how fixing it can help both students and universities How much does it cost to attend college in the United States today The answer is more complex than many realize College websites advertise a sticker price but uncovering the actual price the one after incorporating financial aid can be difficult for students and families This inherent uncertainty leads some students to forgo applying to colleges that would be the best fit for them or even not attend college at all The result is that millions of promising young people may lose out on one of society s greatest opportunities for social mobility Colleges suffer too losing prospective students and seeing lower enrollments and less socioeconomic diversity If markets require prices to function well then the American higher education system rife as it is with ambiguity in its pricing amounts to a market failure In A Problem of Fit economist Phillip B Levine explains why institutions charge the prices they do and discusses the role of financial aid systems in facilitating and discouraging access to college Affordability issues are real but price transparency is also part of the problem As Levine makes clear our conversations around affordability and free tuition miss a larger truth that the opacity of our current college financing systems is a primary driver of inequities in education and society In a clear eyed assessment of educational access and aid in a post COVID 19 economy A Problem of Fit offers a trenchant new argument for educational reforms that are well within reach *Energy Abstracts for Policy Analysis* ,1983 **Major Studies & Issue Briefs of the Congressional Research Service, Bibliography & Indexes to the ...
