

A photograph of a dirt road winding through a forest. The trees on either side have autumn-colored foliage in shades of orange, yellow, and brown. The road leads towards a bright light at the end of the path, creating a strong perspective. The overall mood is contemplative and serene.

Semiotics with a Conscience

Marcel Danesi, 2024-01-25 Demonstrating how semiotic theory and method can be applied to decoding false representations and dangerous discourses this book explores how semiotics can be used as a potentially powerful science of conscience Confronting the sometimes negative perception of semiotics as academically inward looking and lacking in morality Marcel Danesi turns this view on its head Instead Danesi highlights how the same techniques that have allowed the use of semiotics for self serving commercial purposes such as advertising or marketing could also be applied to deciphering current world problems Through describing the semiotic notions and methods that can be used to analyze misrepresentations propaganda or meaning collapses the book enables readers to become conscientiously aware of their hidden meanings and the harmful effects that they have on society

Identifying key issues of concern such as climate change and anti science discourses it shows how they can be interpreted in terms of basic semiotic theory This analysis of crucial issues demonstrates how semiotics can be used to raise awareness of critically important matters in modern society and to encourage the development of more robust and ethical attitudes towards them

Discourse Analysis and Pragmatics Ibileye, Gbenga, 2018-05-22 Previous works on Discourse Analysis and Pragmatics have either been dominantly focused on theory or on practice without much balance and attention to both theory and analysis The present volume seeks to strike a balance between the two closely related disciplines on the one hand and between the study of theory in the two disciplines and on issues of methodology and application in specific areas of enquiry on the other The book seeks to provide a cross sectional view of scholarship in these areas specifically from the perspective of how the intersection of theory and practice enables Nigerian scholars of Discourse Analysis and Pragmatics to understand and analyse texts that have pan Nigerian peculiarities

A Sleepwalker's Guide to Social Media Tony D. Sampson, 2020-07-09 Positing online users as sleepwalkers Tony Sampson offers an original and compelling approach for understanding how social media platforms produce subjectivities Drawing on a wide range of theorists including A N Whitehead and Gabriel Tarde he provides tools to track his sleepwalker through the dark refrain of social media a refrain that spreads through viral platform architectures with a staccato like repetition of shock events rumours conspiracy misinformation big lies search engine weaponization data voids populist strongmen immune system failures and far right hate speech Sampson's sleepwalker is not a pre programmed smartphone junkie but a conceptual personae intended to dodge capture by data doubles and lookalikes Sleepwalkers are neither asleep nor wide awake they are a liminal experimentation in collective mimicry and self other relationality Their purpose is to stir up a new kind of community that emerges from the potentialities of revolutionary contagion At a time in which social media is influencing more people than
